BELIEFS, EXPECTATIONS AND COMMUNICATION

DISTRICT RIGHTS & RESPONSIBILITIES

An education in the Mansfield Public Schools is the right of every resident in the Town of Mansfield. Students have the right to be treated fairly and humanely and in a manner that adheres to the spirit and intent of all rights granted in the laws of the Commonwealth of Massachusetts and in the Constitution of the United State of America.

All students are required to conduct themselves in an appropriate manner with respect for themselves, their fellow students, and all other members of the school community, including but not limited to: aides, administrators, bus drivers, cafeteria workers, custodians, librarians, monitors, secretaries, substitutes, and teachers.

Students have a responsibility to observe the rules and regulations of the Mansfield Public Schools. The principal makes these rules and regulations with the advice of the principal's assistants, teachers, students and parents.

[Return to Table of Contents](#)

The principal is responsible for maintaining discipline on the school premises adequate for the safety of all persons and property and the orderly conduct of instruction. Accordingly, the principal has the authority to take all reasonable action to carry out this responsibility. The authority of the school extends to all school-sponsored functions and activities, all school property, and all school-sponsored travel.

The classroom teacher, with the assistance of the administration as needed, is responsible for maintaining discipline of the students in the classroom and in other areas when students are under their supervision. The teacher may take all reasonable action to carry out this responsibility.

CORE VALUES & BELIEFS ABOUT LEARNING

The Mansfield High School community is committed to life-long learning with the understanding that it is essential to meeting the challenges of 21st century living. We want our students to be well equipped to make positive contributions to the local, national, and international communities.

We believe that students learn best when:

- They are in a safe, supportive environment which promotes life-long learning, problem solving, creativity, curiosity and independent thinking.
- They feel ownership of their own learning and are empowered to set goals and act in ways that are supportive of their own growth.
- They are willing to make mistakes to help them learn.
- They are eager to work with others to take on any challenges.
- The learning environment provides personalized learning opportunities that encourage self-discovery, self assessment and risk-taking.

We believe that students learn best from teachers who:

- are knowledgeable, enthusiastic and invested in their content area.
- communicate high expectations clearly and consistently.
- demonstrate flexibility and adaptability to learning conditions and to students' needs.
- use a variety of instructional and assessment strategies based on current research and best practices to engage students in their learning.

Furthermore, students will benefit from a community that:

- encourages a partnership between school, parents and community.
- recognizes and respects diversity.
- supports learning through appropriate funding for relevant technology and materials, through adequate staffing that ensures smaller class sizes, and through opportunities for effective professional development.

- The Mansfield High School student uses curiosity, imagination, and critical thinking skills to solve and create solutions.
- The Mansfield High School student will use technology to obtain, organize, and communicate information effectively.

SOCIAL & CIVIC EXPECTATIONS

HANDBOOK POLICIES & PRACTICES #CHCA & CHCA-E

The Mansfield High School handbook has been prepared to create a better understanding among students, parents, and teachers. These documents combine to serve as a reference on the basic policies governing the operation of Mansfield High School.

No handbook can completely explain all the policies and practices of a school. This does not diminish its usefulness. It merely takes notice of the fact that the school is obligated to treat every student as an individual and assess every situation in the light of how it affects the education and development of the individual student. The administration reserves the right to alter any of the recommended policies or procedures prescribed within this student handbook. When applying the policies and regulations of the school, students will always be accorded their due process. Massachusetts General Law supersedes the provisions of this handbook, to the extent that any provision of this handbook is in conflict with the law.

SCHOOL—HOME COMMUNICATION

ASPEN STUDENT PORTAL

Aspen is a data management system that is used by the Mansfield Public Schools. Aspen is the main communication tool for parents to check on their student's academic standing. MHS teachers and staff upload items including but not limited to: homework, grades, projects, materials, and other important information. Each student receives an Aspen username and password at the start of the school year. It is strongly recommended that parents/guardians keep a copy of the Aspen username and password and check the student's account on a regular basis. If the username and/or password is lost or not working properly, please contact the MHS main office.

[Return to Table of Contents](#)

BULLETINS & ANNOUNCEMENTS #KDD & EBCE

Some notices of club meetings, athletic and social events, general information and specific instructions are read during the first two to four minutes of the first block of each day. Such notices should be brief and should be provided to the main office by the previous day at 2pm. Special notices may be announced over the intercom, but every effort will be made to keep these to the barest minimum. All morning announcements are posted in front of the main office and on the [MHS website](#).

CONFERENCES (SCHOOL)

Parent-teacher conferences are typically scheduled at the start of Quarter 2 and middle of Quarter 3. Evening and afternoon conference times are available. Conference meeting times are scheduled by the teacher and are on a first-come, first-served basis. Information on scheduling conferences will be sent home with your child and will be available on the MHS website.

CURRICULUM NIGHT

All parents/guardians are invited to attend Curriculum Night, which is held in September. At this time teachers give an overview of their classes, including curriculum descriptions, expectations, and routines. The evening ends with an opportunity to ask questions of the classroom teacher in an informal manner.

CUSTODY ISSUES

Official court orders regarding the custody and care of any student must be filed in the Mansfield High School Counseling Office at the beginning of each school year or at any time during the school year, should the custody of a student change.

GIFTS TO EMPLOYEES #GBEBC

The Mansfield Public Schools adheres to all Massachusetts General Law Chapter 268A and State Ethics Commission's rules and regulations.

While families often give gifts to teachers, coaches, and other staff at the holiday time or end-of-year/end-of-season as an expression of gratitude for their hard work, it is important that parents who choose to do so adhere to the requirements under state ethics and conflict of interest law in order to avoid placing teachers and staff in an awkward position. These guidelines are as follows:

- **Individual Gifts:** Under state law, public school teachers and other public employees are generally prohibited from accepting gifts valued at \$50 or more (aggregated) for the school year. Public employees are required to disclose gifts received from individual students and parents/guardians that are not class gifts.

[Return to Table of Contents](#)

- **Group Gifts:** An exemption exists for “class gifts”, whereby a public school teacher is allowed to accept a personal gift or several gifts during the school year, from a class, club/activity or team, with a total value of up to \$150, if a group of students and/or parents wish to pool their contributions toward a group gift. Such a gift must be identified only as being from the class, and the identity of givers and amounts given are not identified to the recipient.
- **Gifts to the Classroom, Program or the School:** Families may also give gifts to the classroom, to academic, co-curricular and extracurricular programs, or to the school or District, in accordance with the rules of the Mansfield Public Schools.

TB RISK ASSESSMENT AND FOREIGN TRAVEL

The Massachusetts Department of Public Health recommends TB Risk Assessment to identify children who may be at risk for Tuberculosis (TB) and may require evaluation and testing. Each school aged child in a Massachusetts public or private school should have a TB Risk Assessment completed by their health care provider and documented in their school health record.

Visiting or traveling in a country with a high prevalence of TB is one of the risk factors for TB infection in children. Countries in the following regions are generally considered to have a high prevalence of TB: Africa; Asia and the Pacific Islands (except Japan); Eastern Europe; Mexico, Central America and South America; the Caribbean; the Middle East.

If you travel with your child to any of these regions for more than one month, please contact your health care provider regarding the need for a TB Risk Assessment. Your child may be a candidate for further testing such as a TB skin test or an IGRA blood test to check for TB infection. Please be sure to provide documentation of any assessments and subsequent follow up to your school nurse.

PARENT ORGANIZATIONS

Mansfield Special Education Parent Advisory Council (MSEPAC)

The Mansfield Special Education Parent Advisory Council (MSEPAC) offers membership to all parents of students found eligible for special education in the Mansfield district, as well as other interested parties. The MSEPAC is authorized by state law to provide advice to the district regarding special education programs and policies. Additionally, the MSEPAC is authorized to meet with designated school officials and to engage in activities that enable the MSEPAC to participate in the planning, development and evaluation of the district’s special education programs. To learn more about this organization, contact the Mansfield Public Schools Special Education Department.

[Return to Table of Contents](#)

School Council #BDFA

The School Council is a representative, school-based committee composed of the Principal, parents/guardians, teachers, students, and community members. The School Council has an advisory role in shaping the policies and programs of MHS and reviews the annual school building budget, and assists in the formulation of the school improvement plan.

SCHOOL MESSENGER

The Mansfield Public Schools use the School Messenger notification system to communicate important information to parents and guardians that needs to be distributed immediately. Information can be sent to personal email accounts and telephone numbers on file with the school. If you are not receiving emergency notifications from our schools (weather issues for example), there may be a few reasons why:

1. The email address school.notifications@mansfieldschools.com is blocked on your inbox or being sent directly to SPAM.
2. HOTMAIL accounts appear to block some emails from Mansfield Public Schools. Consider using an account other than HOTMAIL.
3. Our student database contains an outdated contact email for you. Each September, please be sure to review and update the emergency contact information report that is sent home for each student. During the school year, if you have any changes to your emergency contact information please contact the school office.

SCHOOL-RELATED PROBLEMS AND CONCERNS

The following guidelines may be helpful for addressing concerns or problems.

1. Any concerns regarding a school-related matter should first be raised by the parent with the staff member most directly involved.
2. If the matter remains unresolved, the parent may wish to speak with the building Principal. Appointments can be scheduled by contacting the office.
3. If the matter is still unresolved, the parent may wish to speak with the Superintendent. For appointment, call the Superintendent's Office at 508-261-7500.
4. If the matter remains unresolved, the parent may wish to bring to the attention of the School Committee by writing a letter to the Mansfield School Committee at Mansfield Public Schools, 2 Park Row, Mansfield, MA 02048 or e-mailing the Committee at school.committee@mansfieldschools.com.

We urge parents to use the progressive steps outlined above as most problems can be addressed satisfactorily by the teacher or other staff member most directly involved. Starting "at the top" inevitably results in no decision and the matter will be remanded to the staff member most directly involved.

[Return to Table of Contents](#)

VISITORS #KI

Student guests are not allowed during the school day. Parents and authorized visitors are welcome but are required to enter the building through the front lobby doors, sign in and out at the main office, and wear guest passes during their visits.

Raptor Visitor Management System

The Raptor Visitor Management System will better allow us to screen visitors in our school and provide a safer environment for our students and staff. All visitors will be asked to follow the following procedure:

- Upon arrival, visitors will check in at the Main Office and will be asked to present a US government-issued ID, such as a driver's license, which will be scanned into the Raptor system.
- The Raptor system checks the visitor's name and date of birth for comparison with a national database of registered sex offenders.
- Once entry is approved, Raptor will issue a badge that identifies the individual by name, photo, date, and the purpose of their visit.

NOTE: If for any reason a visitor does not have a US government-issued Driver's License, a school staff member can use any form of identification and manually enter the person's name and date of birth into the Raptor system.

Should you have any questions about the program, please feel free to contact a school administrator.

VOLUNTEERS

Volunteers are welcome at Mansfield High School. Typically, volunteers assist with photo copying and/or chaperoning field trips. Volunteers are asked to sign in every time they enter the building and to wear a volunteer/visitor badge.

To protect the safety and well-being of our students, a Criminal Offender Record Information (CORI) form is required for all volunteers. The one-page CORI Form is available in the Office of the School Principal or online on the district website.

ACADEMIC/SCHOLASTIC INFORMATION

REPORT CARDS/GRADING PORTAL

Students will receive electronic report cards via Aspen/X2 at the end of each quarter. Final report cards will be mailed home in June. Teachers will post all student grades counted towards each term's final average in the district's student management system, which will be online for students and parents to view except at times when the portal is open for term grading. Grades

[Return to Table of Contents](#)

will be posted in the system within 5 days of when the assignment was graded.

EXAMS #ILC

Importance of attendance and punctuality during exams:

Exams are an important part of the educational process. Students shall be punctual and in attendance during all exam periods and are expected to participate fully.

Make up of exams at end of semester:

Students that need to make up exams due to illness or other extenuating circumstances will need approval from the administration.

Senior Final Exam Exemption Option:

In an attempt to provide an incentive for seniors to finish their high school careers with a commendable 12th grade report card, seniors who have maintained a B+ (88%) average or greater as of a week before the final exam in a semester or year long course, will be allowed to opt out of taking the final exam in that course. If a student wishes to take the exam, that exam grade will be factored into the student's final grade. Students will still be expected to attend class up to the final exam day. Any senior who is exempt from a final exam for a course is not required to report to the exam period unless they wish to still take the exam. The absence from the class period will be marked as Absent Excused. Exempt seniors may leave the building with the expectation that they return to school on time for their next scheduled class period. There is no need for a formal dismissal for exempt students, as teachers will have reported the list of qualifying students to the main office. Exempt students who choose to remain in the building may report to either the cafeteria or library to work or study quietly. Exempt students will not be permitted to be anywhere else in the building without permission. Senior student athletes who qualify to exercise their Senior final exemptions and receive an Absence Excused (AE), are eligible to play in their sport's contest that day.

HOMEWORK #IKB-R

At the high school level, research supports that homework more positively impacts learning than at any previous level. The more effort students put into their learning, the greater academic gains they make.

- Homework should not be assigned over Thanksgiving and December vacations.
- Routine homework should not exceed 20% of the total weighted average for a course.
- Homework, if assigned, should not exceed 2.5 hours per night total for all courses (~25 min. per course).
- Students enrolled in Advanced Placement courses should expect more homework every night, following the curriculum set by the College Board for each course.

[Return to Table of Contents](#)

- Homework assignments should be developmentally appropriate and constructed flexibly to best support individual learning needs. Students on Individual Education Plans (IEPs), Section 504 Plans, or Response to Intervention Protocols (RTI) may also have the amount or type of homework adjusted based upon their individual plans in accordance with the District Curriculum Accommodation Plan (DCAP).
- If homework is missed as a result of absence, make-up work will be provided to the student upon return, and the student will receive a minimum of one day for every day absent.
- If summer assignments are given, they should be accompanied by instructions indicating how a student with questions would seek guidance/assistance during the summer. Students enrolled in AP courses may have summer assignments, following the curriculum set by the College Board for each course.

Parental Notification Relative to Sex Education # IHAMA

Some health courses may contain references to sex education. If your child is enrolled in one of these courses, you will receive a notification home at the beginning of the course indicating the course content, your right to review the program material, and your right to opt your student out of the curriculum.

Dissection in Schools and Dissection Alternatives # IMGA

Mansfield Public Schools offers some science courses that may include dissection. These courses also include dissection alternatives. Upon a written request of a student's parent or guardian, the Mansfield Public Schools will permit a student who objects to dissection activities to demonstrate competency through an alternate method.

COURSE SELECTION PROCESS

Proper course selection creates the foundation for a successful high school career. At Mansfield High School, the Course Selection Process is given the utmost priority by our faculty and administration. The process requires input and cooperation from students, parents, teachers and school counselors. Courses should be chosen with a great deal of thought and care.

Courses should be selected with the intent of achieving academic success while challenging individual personal development. Students must enroll in a minimum of 50% core-academic courses each year. It is recommended that college-bound students enroll in a minimum of 2/3 core-academic courses each year.

Students and parents considering college should understand that colleges vary greatly in

[Return to Table of Contents](#)

selectivity and basic course requirements. When considering colleges, students and their parents should be aware of each school's academic requirements. Plans may change as one progresses through high school. Students and parents should consult with the school counseling staff regarding their plans.

Families are strongly encouraged to follow the recommendations of teachers as to course placement for the coming year. We understand that there are occasions when parents and students are not in agreement with the recommendation of their teacher and choose to request a waiver of the recommendation. Students will be provided with a hard copy of teacher recommendations for core academic courses at the start of the course registration process. Students **must** consult with their teacher if they are in disagreement with the recommendation to better understand the recommendation as well as to self-advocate for a potential change in the recommendation. At this time the teacher will provide the student with the **Course Change Form**. If the teacher agrees with the change in the course, they will sign the form and the student will return the completed form to the counselor. If the teacher is not in agreement and the student wishes to continue to pursue the change, the student must complete the **Course Change Form** provided to them by the teacher, obtain all appropriate signatures, and meet with the appropriate Department Chair to discuss the request. The request will be reviewed by the Department Chair in consultation with the teacher, student and parent/guardian(s). If the request is granted, the student will **remain in the class for the duration of the course**.

Careful attention should be given to course levels and the overall difficulty of a schedule. Students will not be allowed to make changes to their courses after the selection process is completed at the end of the preceding school year. No course changes will be permitted after the opening of school. If an error was made, the student should inform the School Counselor who will initiate the process for correcting the error.

DESCRIPTION OF COURSE CHANGES

- **Advanced Placement:** Courses are formally recognized as Advanced Placement (AP) by the Educational Testing Service and culminate with an AP examination.
- **Honors:** Courses contain highly challenging material, presented at an accelerated and more intensive pace than college preparatory courses. Honors courses require advanced reading, writing, verbal, conceptual, mathematical and study skills as well as extensive outside preparation.
- **College Preparatory:** Courses prepare students to continue their education at the college level. These courses require well developed reading, writing, verbal, conceptual, mathematical and study skills, as well as substantial outside preparation.
- **Comprehensive:** Courses prepare students to continue their education at two-year colleges, or for the workplace. Comprehensive courses develop reading, writing, verbal, conceptual, mathematical and study skills through a variety of classroom activities and may require outside preparation.

[Return to Table of Contents](#)

ADVANCED PLACEMENT

When planning to register for Advanced Placement classes please consider the following:

- AP courses are available to students in grades 10, 11 and 12.
- Grade 10 offerings are AP European History and AP Computer Science.
- Typical grade 11 choices are AP English Lang/Comp, AP Biology, AP US History, AP European History, AP Statistics, AP Computer Science, AP Art History, and AP Music Theory.
- Grade 12 offers greater AP opportunities because more prerequisites have been achieved, however, students will be required to make choices -- student demands, as well as sections offered, affect opportunity.
- Knowing prerequisites and expectations early in a student's high school career (grade 10) is highly recommended.
- You are urged to review the AP Profile as outlined by each academic discipline. The syllabus of each class, which is reflective of a first year college course, is rigorous and demanding. The minimum standard is set by the College Board. Previous knowledge, a solid work ethic, and strong time management are requirements in all Advanced Placement level classes.
- Grade 10 students may enroll in a maximum of 1 AP course; Grade 11 students may enroll in a maximum of 3 AP courses; Grade 12 students may enroll in a maximum of 4 AP courses and appeal to the Principal for a fifth AP course. Please see handbook for further details.

Advanced Placement- Expanded Description

The Advanced Placement (AP) program provides high schools with an opportunity to offer college level courses to qualified high school students. These challenging and stimulating courses take more time and require more work than traditional high school courses. They also give greater opportunity for individual progress and accomplishment and allow for greater depth of study. Advanced Placement courses also offer an opportunity to gain advanced placement and/or college credit to students when they enter college. Currently, MHS offers the following AP courses: Calculus, Statistics, Computer Science, Physics, Biology, Chemistry, American History, European History, Psychology, French Language, and Spanish Language, English Language and Composition, English Literature and Composition, Art History and Music Theory.

The College Board requires every AP course syllabus to be submitted for audit. This audit ensures that the class meets the required rigor and allows Mansfield High School to be declared as AP certified. In the Mansfield High School Program of Studies, profiles of expectations follow each course description and should be carefully reviewed before a student seeks registration.

In order for students to register for AP course(s), they must have the recommendation of the subject area teacher and Department Chairperson. Once a student has been allowed to register, he/she **must** check with respective department chairs for summer reading requirements. Because of the rigorous academic expectations associated with AP courses in and outside of the classroom, students may pursue a maximum of 1 AP course in their sophomore year, 3 AP courses in their junior year and 4 in their senior year. Students wishing to take an additional AP course in their **senior year** will need to meet with the

[Return to Table of Contents](#)

Principal, Department Chairperson, School Counselor and Parent/Guardian to determine if the additional AP course is in the student's best educational interest. Please note that the schedule may not permit this to take place due to scheduling constraints. It is the expectation that students taking any AP course must complete the course in its entirety. ***Students enrolled in an AP class will not be permitted to drop the course once the enrollment process is complete at the end of the 2017-18 school year.*** The AP exam represents the conclusion of any AP course. It is expected each student will take the AP exam.

The College Board creates and scores the AP exams. The College Board charges a fee for each exam which is updated annually. The exam fee is the responsibility of the student. A budget plan to pay for this expense is available. There may be financial aid available for those who qualify. If a parent believes they have financial need, they must inform the AP Coordinator by November 1st.

Social Studies††	3	3	3	3
Science	3	3	3	3

Students must adhere to the Massachusetts Department of Elementary and Secondary Education (DESE) MCAS requirements (or comprehensive exam as determined by DESE) to receive a diploma.

[Return to Table of Contents](#)

- * Seniors must earn a minimum of 25 credits in their Senior Year to graduate.
- ** One unit of PE/Wellness must be in the students' Senior Year
- *** A unit is equivalent to a full year course except for Wellness/Physical Ed where one semester satisfies a unit.
- † The four English courses that satisfy this requirement are exclusive of electives.
- †† All students must pass three courses in social studies, one of which must be American History 2.
- ††† All students must participate in a Wellness/Physical education course each year per MA state regulations. Students must pass up to four units of Wellness/Physical Education two of which must be comprehensive health courses and two physical education courses.

Except for Seniors, students will not be allowed to enroll in two required English courses within the same school year. A Senior is only eligible to enroll in English 11 and English 12 during their senior year if they have not enrolled in English 11 in a prior year. If a senior needs to repeat English 11 due to a failure their junior year they must attend summer school or evening school to complete the course. Providing the student meets the eligibility requirement, failures must be made up in summer school before a student is able to proceed to the next appropriate English course.

Every student must earn a minimum of 124 credits to graduate depending on graduation year. Class placement is determined by the number of years that a student has attended high school. Transferring students will have their previous school's transcript evaluated and graduation will be based upon the same 88% standard.

STUDENT PROMOTION

Students must earn a minimum number of credits each year in order to be promoted to the next grade level as shown below:

Grade Level	Credit Requirements
9	20
10	55
11	90
12	124

Students who earn fewer than the required credits each year will be retained the following school year since they will be unable to graduate on-time through the traditional school day. Credit determination will be made in August, prior to the start of school, to allow students the opportunity to restore credits via summer school course offerings.

Credit Recovery Options

[Return to Table of Contents](#)

- A student is eligible for summer school if their final course average is **above 55**. Summer School notification is sent at the close of the school year. Summer School typically begins within 5 business days after the close of the school year and runs 3 weeks.
- Please note that not all courses are offered in summer school and/or course availability is subject to enrollment
- Seniors are eligible to take up to 4 Evening School courses to earn up to 20 credits if enrollment numbers allow. Juniors may be approved to take 1 or more courses in 11th grade for extenuating circumstances with special permission from both the building principal and evening school director
- Students who lost credit due to unexcused absences have additional opportunities to restore credit by submitting an attendance appeal or participating in a voluntary Saturday detention to restore partial credit

WITHDRAWAL FROM CLASS

Transferring or withdrawing from a course can be a difficult and disruptive process. Once a course begins, **there is no guarantee that a request for withdrawal or transfer from a class can be honored, given that alternative options do not always exist.** A change in schedule often affects more than just the class in question.

However if the parent/guardian feels that extenuating circumstances exist that warrant a schedule change they must submit their request for consideration in writing to the principal for review. The written request must clearly state the reason for the withdrawal along with any relevant documentation. This does not include a level placement change (A level placement change is done through the Course Change Form submitted to the appropriate department chair.). The principal will review the request and may schedule a conference with student, parents, teachers, department chair and school counselor.

The following criteria must be met in order for this change to be considered. They are:

1. The student has actively participated in class.
2. The student has completed all assigned homework and class projects.
3. The student has sought additional help outside of the regularly scheduled class time.

When the proposed course has been closed due to class size or a change would create a conflict in the student's schedule, the intended change may not be granted.

EXTRA HELP

Extra help is available every day from 1:50pm-2:20pm or by appointment. Students should communicate with teachers to schedule extra help sessions.

RANK IN CLASS & GPA TO DETERMINE SALUTATORIAN AND VALEDICTORIAN

The joint committee of the National Association of Secondary School Principals and the American Association of Collegiate Registrars and Admission Officers, and the Massachusetts Board of Higher Education, recommend the following procedures be followed when determining a student's rank in class. Courses can differ substantially in their level of academic

[Return to Table of Contents](#)

challenge, and thus are weighted accordingly. Mansfield High School uses a student's course-weighted rank in class to report academic achievement to colleges, to determine the school's valedictorian and salutatorian, and to establish eligibility for all other awards that require rank in class.

To receive consideration for and to be selected as Mansfield's valedictorian or salutatorian, a student must be enrolled for the entire sophomore and junior year at Mansfield High School. The GPA's for the top 5% of the senior class will be recalculated after the completion of the 3rd quarter of their senior year for the sole purpose of determining valedictorian and salutatorian.

Calculating the course-weighted GPA is accomplished as follows.

1. Convert each final grade to the 4.0 scale described below
2. Weight the final grades in accordance with the level of difficulty of the course. 0.5 is deducted from grades earned in Comprehensive level courses, 0.5 is added to grades earned in Honors level courses and 1.0 is added to grades earned in Advanced Placement courses.
3. Multiply the adjusted grade by the credits earned in the course.
4. Take the total product from (3) and divide by the number of credits attempted.
5. The quotient is the student's course-weighted GPA.

The chart below describes the conversions:

100 = 4.0	91 = 3.8	82 = 2.9	73 = 2.0
99 = 4.0	90 = 3.7	81 = 2.8	72 = 1.9
98 = 4.0	89 = 3.6	80 = 2.7	71 = 1.8
97 = 4.0	88 = 3.5	79 = 2.6	70 = 1.7
96 = 3.9	87 = 3.4	78 = 2.5	69 = 1.6
95 = 3.9	86 = 3.3	77 = 2.4	68 = 1.4
94 = 3.9	85 = 3.2	76 = 2.3	67 = 1.3
93 = 3.9	84 = 3.1	75 = 2.2	66 = 1.2
92 = 3.8	83 = 3.0	74 = 2.1	65 = 1.0

Any grade falling at 64 or below is a failing grade and earns 0.00 credit

HONOR ROLL

The honor roll is computed at the end of each semester on the basis of reported grades in all qualified subjects. Students with incomplete or failing grades cannot qualify for the honor roll.

[Return to Table of Contents](#)

- High Honors = Average of all grades is 90 or above
- Honors = Average of all grades is 85 to 89.99
- Honorable Mention = Average of all grades is 80 to 84.99

STUDENT RECOGNITION

Every semester, MHS staff members have the opportunity to nominate students who embody the MHS Core Values and Social/Civic Expectations. Nominated students will receive notification and be invited to attend an in-school event in their honor.

SUMMER SCHOOL CREDIT

A student may attend an approved summer school program for credit either for a failing grade or reduced credit due to absences. To be eligible for summer school, a student who failed a course must have attained a grade at Mansfield High School in the range of 55-64 or, because of poor attendance, passed a course but has reduced credit. While in summer school a student must earn at least a 65 in order to receive credit for the course. Courses pursued in summer school programs shall be reflected on the student transcript as summer school courses as soon as all summer school financial obligations are paid. The grades achieved and the credits earned in summer school classes shall not be used when calculating a student's GPA.

EVENING SCHOOL CREDIT

Permission to attend night school can only be granted by the High School Principal. To qualify, a student must be credit deficient towards graduation. A student can take up to four courses in night school. In order to receive credit for the course at Mansfield High School, a minimum grade of 65 must be attained in night school. Courses pursued in night school programs shall be reflected on the student transcript as night school courses. The grades achieved and the credits earned in night school classes shall not be used when calculating a student's GPA.

HOME/HOSPITAL EDUCATION

Our policy is in compliance with the state's regulations that govern the school's responsibility to provide home-based education. The Mansfield Public Schools support educational services for students upon receipt of a physician's written order that the student must remain at home or in a hospital setting for medical reasons for a period of not less than 14 school days in a year. Education services are of sufficient frequency to allow the student to continue their educational programs as long as the sessions do not interfere with the student's medical needs. Educational plans are created on an individual basis. The physician form must be renewed every 60 days.

STUDENT SUPPORT SERVICES

[Return to Table of Contents](#)

Therapy Assistance Dogs # IMGB

The Mansfield Public Schools supports the use of assistance dogs for the benefit of its students subject to the conditions of policy (IMGB). Professional School Assistance Dogs certified with their owners/handlers as Certified Assistance Dog Teams provide emotional and physical support in the educational setting. These highly-trained dogs model good behavior, tolerance, and acceptance. This policy is not intended to, and does not, allow students, parents, or staff to bring emotional support animals onto the Mansfield Public Schools campus. Individuals who bring an animal onto the District campus that does not meet the definition of a service animal under District policy *IMG Animals in School* or that has not been approved under this policy will be asked to leave campus.

SPECIAL EDUCATION

If a student's academic difficulties indicate that they may have a learning disability and require specialized instruction, a teacher, a school counselor, or parent may contact the Assistant Director of Special Education, Timothy Tichacek in writing and request an evaluation of special education services. A referral for a special education evaluation is typically made after the student's teachers have implemented pre-referral strategies as recommended by the Student Support Team. Parents' Rights Brochure is available from the Assistant Director of Special Education, Timothy Tichacek.

SECTION 504

If a parent or teacher believes that a student may have a disability and requires classroom accommodations, that parent or teacher should contact Assistant Principal James Schlieffe in writing and request an evaluation for accommodations under Section 504. Information regarding parental rights under Section 504 is available from the Principal, Russ Booth.

RESPONSE TO INTERVENTION (RTI)

Mansfield High School's RTI is defined as a set of systematic, increasingly concentrated educational interventions to support students who are struggling academically and/or behaviorally. These interventions are tailored to meet the needs of individual students within the context of general education classes. Referrals may be submitted to school counselors by any staff member or parent/guardian.

DISTRICT CURRICULUM ACCOMMODATION PLAN (DCAP)

The DCAP provides a list of resources and accommodations available to students and classroom teachers. The DCAP document is intended to support the efforts of educators to provide effective interventions for struggling learners.

BUILDING CURRICULUM ACCOMMODATION PLAN

The Building Curriculum Accommodation Plan (BCAP) provides a list of resources and accommodations available to students and classroom teachers for the Robinson and the Jordan/Jackson Elementary Schools. The BCAP document is intended to support the efforts of educators to provide effective interventions for struggling learners.

The BCAP is available at www.mansfieldschools.com or by clicking on the following link - [Building Curriculum Accommodation Plan](#).

STANDARDIZED TESTING ACCOMMODATIONS:

College Board (AP, PSAT, and SAT) and ACT Tests- Students with IEPs or 504s may be entitled to PSAT/SAT/AP/ACT accommodations. The only way to receive these accommodations is to apply for them through the College Board (PSAT/SAT/AP) or the ACT Board (ACT). The application process for accommodations can take up to two months to complete; it is crucial that you begin the process early by notifying your school counselor of your intent to apply.

For questions regarding Standardized Testing Accommodations, please contact your child's school counselor at 508-261-7540.

MCAS

The student's IEP or Section 504 Team determines how the student will participate in MCAS. If the Team determines that it is appropriate and allowed within the guidelines, certain testing accommodations are permitted. If the Team determines that the student's disability prevents the student from taking the MCAS test, even with accommodations, the Team must develop an alternate assessment for that student which is appropriate to the student's academic development.

For questions regarding Standardized Testing Accommodations, please contact Mansfield High School's Counseling Department at 508-261-7540.

ATTENDANCE

ATTENDANCE POLICY & PROCEDURE #JH & JHB

School attendance is compulsory in Massachusetts for all persons between the ages of six (6) and sixteen (16) and research shows that students who regularly attend school are more likely to have success in school and careers (DESE, 2022). It is the shared responsibility of the student, their family, and the school to maintain a good attendance record. The most important aspect of learning occurs in the classroom setting, where teachers and students exchange ideas and analyze data. Absences preclude this interaction and should therefore be limited to instances of medical necessity, family emergency or individual obligation. When an absence is necessary, the parent or guardian should promptly contact the school and communicate the reason for the

[Return to Table of Contents](#)

absence following the guidelines below. Make up work will be provided to the student upon return and the student shall receive a minimum of one day for every day absent.

When a student is absent from or tardy to school, the parent/guardian must present to the school office on the day the student returns the proper written documentation in order to excuse the absence/tardy indicating the date, the name of student, the days of absence/tardy and the reason for the absence/tardy. If the student needs to be absent/tardy to school please notify the main office regardless if the absence/tardy is excused. In addition, when a student is absent for five consecutive days or more a doctor's note must also be presented. If your child misses one or more periods in a day, the primary contact will receive notification via both automated call and email. It is the parents' responsibility to check-in with your child and monitor their attendance via the Aspen/X2 portal.

A student who misses 8 or more days in a term is considered habitually truant and their failure to attend school without a valid excuse may warrant school personnel seeking help for the student and their family through supportive counseling, meetings and, if necessary, court action. Students are considered chronically absent when they have missed ten percent of the scheduled school days. Parents will be notified via postal mail if their student has 5 or more unexcused absences in the school year.

Procedure to follow when a student is absent:

- The parent or guardian informs the school. Dial 508-261-7540, ext. 33500 and leave a voicemail message.

Steps to follow when a student returns to school following an absence or tardy:

- The parent or guardian provides proper written documentation indicating the student's name, the date(s) of absence, and the reason for the absence(s).
- The student presents the proper written documentation to a member of the administration or office staff upon returning to school. Lack of documentation may result in unexcused absences.

Excusable Absences/Tardy

- Absences or Tardiness shall be excused for the following reasons, with parents/guardians providing appropriate written explanation for the absence or tardiness of a child. This will be required in advance for types of absences when advance notice is possible.:
- College visitation (Documentation must be from school visited; no more than five in an academic school year for second half of junior year and entire senior year only)
- Documented court appearance (Notice from Court)
- Authorized school field trip (Excused by teacher after receipt of signed permission slip)
- Religious observances with parental letter
- Bereavements with parental letter
- Family emergency (submit written explanation to building administration for approval)
- Documented hospitalization (Documentation from health care provider)

[Return to Table of Contents](#)

- Other Medical Related Absences (Documentation from a health care provider)

Absences, Tardies and Dismissals From/To School

Absences are cumulative and can result in a reduction of credit. MHS will record daily attendance as a means to determine credit loss. Absence from a class period for more than 10 minutes will result in an absence being recorded for the entire class, unless the student is absent due to a school counselor's appointment, a school-mandated meeting, or is seeking medical attention in the school nurse's office. Dismissal from school by the school nurse may be considered an excused absence for the day of dismissal if school exclusion guidelines are met but will not be excused on the following day unless accompanied by a doctor's note. School exclusion guidelines can be found on page 93 of the MHS handbook.

A school tardy is defined as a student arriving to class after 7:25 a.m. Four (4) unexcused school tardies will result in an unexcused absence and subject to credit loss determinations. Every fourth time a student achieves an unexcused tardy they will be assessed another unexcused absence.

Class Tardy- A student who arrives late to an individual class may be subject to a teacher detention. Multiple class tardies may result in a discipline referral.

Dismissals- Dismissals from school result in class absences and should be avoided. If a student is to be dismissed early from school, the student must bring a written parental request to the Welcome Window prior to 7:30 a.m. The note will be confirmed by phone. If a parent leaves home before 7:30 a.m, the parent can call the school to confirm the dismissal by dialing 508-261-7540. A parent must come into school and sign out their student if an emergency occurs during the school day that requires dismissal.

Dismissal Procedures For Students Who Have Exercised Signatory Rights

If the student [who has been granted their signatory rights](#) intends to exercise the right to dismiss themselves from school, the school may contact the parent or guardian to indicate that this right has been invoked.

Religious Holidays

In recognition that the community continues to become more diverse, the Mansfield Public Schools recognize that a number of religious and holy days occur during the school year. The Mansfield Public Schools adhere to the following practices:

All students will be allowed to observe and participate in their religious activities, without penalty. These students will receive an excused absence. Students will be allowed to make up class work, homework and/or any assignments during their religious absence.

[Return to Table of Contents](#)

Long term reports or special projects, which are due on one of the major religious days, will be submitted to the teacher on a mutually agreed upon date, prior to or following the pupil's return to school, with no late penalty.

Teachers are expected to exercise sound judgment in carrying out work when some students may be absent because of a religious holiday or holy day. Provisions should be made for students who expect to be absent. Please notify the teacher in order to obtain assignments that may be necessary ahead of time. In no situation will a student be made to feel uncomfortable because he or she chooses to exercise their religious convictions. Mansfield Schools appreciates and understands that religious observances often involve family activities. Students should not be expected to complete homework, study for tests, or complete other school work during their absence. Students will be given the opportunity to make up this work within the appropriate amount of time determined by the teacher.

Signatory Rights of 18 Year Old Students

When students reach the age of eighteen, they are presumed to be adults and may exercise their rights independently of their parents, except the right to preclude parents from inspecting the school record 23.01(3). If the student over eighteen intends to exercise their rights independently, the student must make such requests in writing to the school principal or superintendent, who shall honor such requests.

If the student intends to exercise the right to dismiss themselves from school, the school may contact the parent or guardian to indicate that this right has been invoked.

Medically Exempt (ME) Absences

Students with documented medical issues are able to obtain a recorded medical exemption (ME) for purposes of attendance and grade record. Students with a medical exemption receive full credit upon completion of assigned course work. ME's will be reviewed at close of the school year on an individual basis. In order for a student to progress to the next course for the coming school year, all course work must be completed by August 15.

Incomplete

An incomplete grade will be marked to indicate either a passing or failing grade overall at the time the grade is issued. We encourage students and parents to reach out to teachers for any questions related to outstanding work and grades to date. Students who receive an incomplete in any class on their report card will have 2 weeks following the distribution of grades (report cards) in order to make-up all missing assignments. Teachers will update the grade with the School Counseling Office at that time, based on the work completed.

Absences that may be Disciplinary Infractions

Cutting class is defined as any absence from class that is not authorized by the school. This

[Return to Table of Contents](#)

includes students who do not attend class but are present in the building or who leave class without permission. Leaving the school campus at any time without signing out is also considered a class cut but due to the nature of the behavior may result in a more significant consequence. A student who cuts class receives an absence for each missed class and may have consequences assigned by administration. Said student risks the loss of course credit as outlined in this attendance policy and is ineligible to appeal any loss of course credit to the principal.

A student who is suspended externally receives an excused absence for each missed class and will have the opportunity to make up the work he or she missed while serving the suspension for full class credit.

CREDIT REDUCTIONS FOR UNEXCUSED ABSENCES

Credit loss is calculated based on cumulative unexcused daily absences at the end of the academic school year. Credit loss is determined as demonstrated in the chart below:

Number of Unexcused Absences	Credit Reduction
9-16	5
17+	10

Credit Reduction Policy and Appeals

Course credit reductions occur when a student's cumulative unexcused absences and/or tardiness exceed the limits defined by the attendance policy. Students may earn back no more than two unexcused absences in a year by attending two Saturday detentions at the conclusion of a course. The scheduling of the Saturday detentions will be at the discretion of administration.

A credit reduction appeal is necessary only when a student's cumulative unexcused absences exceed the limits set in the preceding tables. Absences due to disciplinary infractions and suspensions are excused absences per Ch.222. Absences due to family vacations are not excused absences. The Principal will review the documentation submitted pertaining to the student's attendance situation and render a written decision as soon as possible. Parents will be notified of the principal's decision.

Loss or reduction of course credit due to an attendance policy infraction will not require a student to repeat the course. However, a loss of course credit will affect a student's Grade Point Average, and the student may need to pass additional courses to earn the credits necessary for graduation.

[Return to Table of Contents](#)

FIELD TRIP #IJOA

Field trips offered through the Mansfield Public Schools are intended to allow students to have experiences that provide them with insight, information, or knowledge that might not be learned within the classroom, bringing real-world context to the classroom curriculum.

All field trips are considered an extension of the school program, and all rules of conduct and regulations as specified in the Mansfield Public Schools Student Handbooks are in effect throughout any school trip. Any student who violates the rules of conduct may be sent home. In this case, the student's parent/guardian will either pick up the student from the field trip location or be responsible for any expense incurred in sending the student home. Further disciplinary action may be taken in accordance with student conduct policies outlined in the school's Student Handbook.

Field trips are open only to students in the Mansfield Public Schools at the grade level(s) participating in the field trip. A permission slip must be completed, signed by student and parent/guardian, and returned to the sponsoring staff member before a student will be allowed to attend any field trip; such form will include appropriate authorization for emergency medical care and administration of medication. All required proof of medical insurance and other insurance and acknowledgement of expected conduct must be secured at least two weeks prior to the trip.

Attendance on school-sponsored trips that are not part of required class activities is a privilege, which may be withheld; no student may attend such a trip if, in the determination of the principal or their designee, the student's behavior has been so inappropriate as to be deemed disruptive to the planned trip.

Students who attend field trips must be given a reasonable and adequate opportunity to complete assignments for other classes.

VACATIONING STUDENTS

The most important aspect of learning is the interchange of thoughts, ideas and facts among teachers, students and peers. In the absence of dialogue, no reading or writing assignment can replace this process. When parents find it necessary to take their child on vacation during the school year, the following policy shall be followed.

With as much prior notice as possible, parents must notify the building principal in writing of the anticipated vacation. Students are responsible for notifying their individual teachers. If possible, teachers will inform the students of the unit(s) of study discussed while the child is away and provide the student with the anticipated homework assignments. Many teachers will be unable to provide the homework information, as the pace of the lessons and the needs of

[Return to Table of Contents](#)

the students frequently determine the assignments. Parents should review the schoolwork with their children and assist them with their study.

When the student returns to school, it is the student's responsibility to inquire as to whatever additional assignments need to be completed. The appropriate time to make this inquiry is in an after-school help session. Makeup work will be at the discretion of the teacher. The student will have a minimum of one day for each day out to make up the assignments. The Students who are out of school at the end of the marking term may receive an incomplete on their report card. If the missed work is made up in accordance with school guidelines, the grade will be changed and reported on the next report card.

Absences due to vacation are unexcused and subject to the terms of the MHS Attendance Policy and can reduce the student's earned credits for a class.

STUDENT BEHAVIOR

DISCIPLINE

DISCIPLINE (Unless otherwise defined by Massachusetts General Law) #JIC The Mansfield Public Schools act in accordance with the implementation of Chapter 222 of the Acts of 2012 as stated in Massachusetts General Law 71, 37H, 37H ½, 37H ¾.

Prior to issuing any disciplinary consequences pursuant to G.L. c. 71, § 37H ¾ and not subject to G.L. c. 71, §§ 37H and 37H ½, as discussed below, the Principal or designee will consider alternative remedies to such consequences. This policy applies only to short-term or long-term suspensions, emergency removals or in-school suspensions, or expulsions that are not issued under G.L. c. 71, §§ 37H and 37H ½. This policy does not apply to disciplinary consequences issued under G.L. c. 71, §§ 37H and 37H ½, which include: assault of educational staff, possession of controlled substances or a dangerous weapon on school grounds, and felony charges or conviction.

The Principal or designee will consider methods to re-engage the student in the learning process when deciding disciplinary consequences for the student. Specifically, the Principal or designee will consider and use alternative remedies including but not limited to mediation, conflict resolution, restorative justice, and collaborative problem solving. The use and results of such alternative remedies will be documented in writing. The Principal or designee will consider, use to the extent possible, and document in writing such alternative remedies before the Principal or designee may suspend or expel a student. The Principal will also implement school or district models to re-engage students in the learning process, including positive behavioral

[Return to Table of Contents](#)

intervention and support models and trauma sensitive learning models. The Principal or designee will not implement such models in direct response to a specific incident.

The Principal or designee will document specific reasons where alternative remedies are unsuitable or counter-productive. The Principal or designee will document specific reasons in situations where the student's continued presence in school would pose a specific, documentable concern about the infliction of serious bodily injury or other serious harm on another while in school, the Principal or designee will document specific reasons.

Problem Resolution

The staff of the Mansfield Public Schools is committed to resolving problems informally whenever possible. Parents/guardians are encouraged to call the teacher(s), school counselor, department chairperson or school administrator(s) to initiate conferences, to receive updates on their child's progress, or to voice a concern. Students are reminded that they may access the school counseling office for assistance to help mediate student-student conflicts.

When there is a concern about an educational or disciplinary problem, the parent/ guardian should first consult the teacher directly involved with the situation, and an attempt should be made to resolve the problem at that level. A conference may be requested, and the student may participate in that conference when appropriate.

When an issue has not been resolved at the level of the teacher, an additional meeting can be arranged between the parent/guardian, the teacher, department chairperson and a school administrator.

Goals

The goal of the discipline policy of the Mansfield Public Schools is to create an orderly and productive environment essential for the effective, efficient, and safe operation of the schools. The intention of this policy is to provide the students with notice of the school standards and expectations regarding student behavior and the consequences for violations of the rules and regulations.

All members of the school community have the responsibility to conduct themselves with respect for the rights and property of others in school and during all school-sponsored activities, both on and off school grounds, including those times when riding school buses or other school provided vehicles.

In the Mansfield Public Schools there are three levels of disciplinary offenses. Most disciplinary violations are included within these three levels of offenses, but the school retains the right to identify acts of misconduct as deemed appropriate at the discretion of the principal.

At the discretion of school administration, students may lose the ability to carry a backpack between classes. These privileges could be restricted if a student is found to be transporting banned materials in their backpack during school.

TEACHER DETENTION

A student failing to report to a teacher detention will be reported to an administrator and will

[Return to Table of Contents](#)

be assigned a detention, as deemed appropriate by the administrator. The length of a teacher assigned detention is at the discretion of the teacher. Students assigned to detention are to report to the room designated at the time given and for the number of days assigned. 24-hour notice is to be given. Parents should be made aware of assigned detentions.

LUNCH DETENTION

Lunch detentions are assigned by an assistant principal for Level I or II infractions. For any day lunch is being served at school. During a lunch detention, a student is to bring their lunch to the office to be eaten away from the cafeteria. No student serving a lunch detention will be denied the ability to eat lunch. Students buying lunch and students who receive free and reduced lunch will be able to go to the cafeteria to get their lunch. They are served in the main office during the student's assigned lunch period.

OFFICE DETENTION

Office detentions are assigned by an assistant principal for Level I or II infractions. Office detentions are held after school from 2:00-2:40pm.

EXTENDED DETENTION

Extended detentions are assigned by an assistant principal for Level I offenses or for Level II offenses. Extended detentions are held from 2:00 –4:00 p.m. Students are expected to bring school work to complete during the detention.

SATURDAY DETENTION

Saturday detentions are assigned by an assistant principal for Level I and II offenses and are held from 8:00 a.m. – 12:00 noon. Students are expected to bring school work to complete during the detention.

Students are required to serve a detention on the date assigned prior to attending athletic practices or other after school or extracurricular activities.

IN-SCHOOL SUSPENSION

In School Suspension (repeated Level 1s, Level II and Level III offenses may result in an In-School Suspension) An in-school suspension may be used as an alternative to short-term suspension for disciplinary events. An in-school suspension means the removal of a student from regular classroom activities, but not from the school premises, for no more than ten (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions in one school year, initially. If in school suspension has the potential to go beyond 10 school days, students are afforded the same rights they would receive under long term suspension procedures.

EMERGENCY REMOVAL #JIC

Under section 37H $\frac{3}{4}$, nothing shall prevent a principal or designee from removing a student

[Return to Table of Contents](#)

from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially disrupts the order of the school. The temporary removal shall not exceed three (3) school days, which shall include the day of the emergency removal.

EXTERNAL SUSPENSION #JIC

Students assigned an external suspension are not allowed to be present on school grounds at any time during the duration of their external suspension, except to attend scheduled meetings as required to uphold their due process rights. Students assigned an external suspension are not allowed to attend or to participate in any school-sponsored activity. If an externally suspended student is found on school property during the dates of the suspension, the length of the suspension may be extended. If an externally suspended student attends or participates in a school-sponsored activity during the dates of the suspension, the length of the suspension may be extended.

PROCESS FOR DISCIPLINARY OFFENSES #JIC

Fourteenth Amendment – Rights of Due Process: In 1975, the United States Supreme Court ruled that public school students facing suspension are protected by the due process clause of the Fourteenth Amendment of the United States Constitution. A student suspended by a disciplinary action is entitled to due process, including the right to receive oral and written notice of the charges against them, an explanation of the evidence supporting the charges, and an opportunity to present their side of the story prior to suspension. A student facing a suspension of greater than ten (10) days is entitled to a formal hearing to express their position relative to the incident that resulted in disciplinary action and to a written explanation of the reasons for any action taken prior to the suspension, in cases where an emergency removal is required under section 37H $\frac{3}{4}$ students may be removed prior to hearing.

Procedures for an In-School Suspension If the principal or their designee chooses this alternative, the principal or their designee shall inform the student of the disciplinary offense charged and the basis for that charge and provide the student an opportunity to dispute the charge and explain the circumstances surrounding the charge. If an in-school suspension is issued, the principal or their designee shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the offense, and the length of the in-school suspension. The principal or their designee shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. This meeting shall be scheduled on the day of the suspension, if possible, or as soon as possible thereafter. The principal or their designee shall also send written notice to the student and parent about the in-school suspension, including the reason and length of the in-school suspension, and inviting the parent to the above described meeting, if such meeting has not already occurred.

[Return to Table of Contents](#)

Procedures for Short Term Suspensions #JIC

A student facing suspension of ten (10) days or less is entitled to oral and written notice of the charge(s), an explanation of the evidence that the school authorities have regarding the charge(s), and an opportunity to present their side of the story. Students have the right to have a parent or guardian present during the hearing, unless the parent is unreachable, after “reasonable efforts”.

Procedures for Long Term Suspensions and Appeal

A student facing a suspension of more than ten (10) days, or the possibility of expulsion, will be accorded the following rights:

1. Prior oral and written notice of possible suspension
2. Oral and written notice of the charge(s), offense, potential length of suspension
3. The right to be represented by an attorney or advocate, at the expense of the student
4. Adequate time to prepare for the suspension/expulsion hearing
5. Access to documentary evidence prior to the hearing
6. The opportunity to present witnesses and evidence at the hearing.
7. Access to interpreter services as needed.
8. Opportunity for parent or guardian present during hearing, after a reasonable effort to contact.
9. A prompt written decision normally rendered within three (3) school days of the hearing, which includes specific grounds for the decision.
10. Notification of the right to appeal the principal's decision to the Superintendent.

The procedures for appealing administrative action taken for Level III offenses are as follows, except for procedures defined by Massachusetts General Law and referenced elsewhere in the pages of the Common Handbook.

1. A written request for an appeal hearing must be submitted to the Superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days.
2. The long-term suspension will remain in effect unless and until the Superintendent decides to reverse the principal's determination on appeal.
3. The Superintendent will conduct an appeal hearing within three (3) school days of the request, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days. The Superintendent will render a decision upon completion of that hearing, within five (5) calendar days.
4. The decision of the Superintendent shall be the final decision of the school district with regard to the suspension.

Discipline of Students Educated on an IEP

All students are expected to meet the requirements as set forth in this handbook. Massachusetts General Laws require that additional provisions be made for students who have been found eligible or are currently in the evaluation process, by an Evaluation Team, to have special needs and whose program is or could be described in an Individualized Education Plan (IEP). The following additional requirements apply to the discipline of special needs students.

1. The principal or designee will notify the Special Education Office of the suspension of a special needs student and a record will be kept of such suspensions.
2. In accordance with special education regulations, when it is known that the suspension(s) of a special needs student will accumulate to greater than ten (10) days in a school year, a manifestation hearing will convene to determine whether the student's disciplinary behavior is a manifestation of their handicapping condition. The IEP will be reviewed to determine appropriateness of the student's placement or program.
3. If a special education student commits an offense which causes the student to be expelled from school, the school district continues to be responsible for providing the student with a free appropriate public education in another educational setting.
4. There are certain situations in which school personnel may order a change in placement of a special education student without regard to whether the student's behavior is determined to be a manifestation of the student's disability. These situations include:
 - a. carrying or possession of a weapon
 - b. knowingly possesses or uses illegal drugs, sells or solicits the sale of a controlled substance
 - c. has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

The Individuals with Disabilities Education Act (IDEA)- The IDEA protections summarized above also apply to a child who has not yet been found eligible for services under the statute if the district is "deemed to have knowledge" that the child was eligible for such services before the conduct that precipitated the disciplinary action occurred. The IDEA provides that a school district is "deemed to have knowledge" if: (1) the child's parent had expressed concern in writing to district supervisory or administrative personnel or the child's teacher that the child needs special education and related services; (2) the child's parent had requested an evaluation of the child to determine eligibility for special education services; or (3) the teacher of the child or other school district personnel had expressed specific concerns about a pattern of behavior by the child directly to the district's director of special education or to other supervisory personnel. However, a school district is not "deemed to have knowledge" if the district evaluated the student and determined that the child was not eligible for special education services or the child's parent refused an evaluation of the child or IDEA services.

If the school district has no knowledge that a student is an eligible student under the IDEA before taking disciplinary measures against the student, the student may be disciplined just as

[Return to Table of Contents](#)

any other student may be. If, however, a request is made for an evaluation to determine eligibility while the student is subject to disciplinary measures, the district must conduct the evaluation in an expedited manner. Pending the results of the evaluation, the student must remain in the educational placement determined by school authorities, which may include suspension or expulsion without services. If the student is determined eligible for an IEP as a result of the evaluation, the school district must provide the student with special education and related services in accordance with the IDEA.

Discipline of Students Educated on a 504 Plan

School personnel may not suspend a student on a 504 plan for more than ten consecutive days without a manifestation determination. Procedural protections for eligible 504 students are the same as those afforded to special education students.

OTHER OFFENSES, SECTION 37H $\frac{3}{4}$ #JIC

In accordance with the New Student Discipline Rules Ch. 222 of the Acts of 2012, Ch. 71, Section 37H $\frac{3}{4}$, disciplinary action, including suspension may be taken for all other serious offenses.

The Law, codified at M.G.L. c.71, 37H $\frac{3}{4}$ does not apply to cases involving possession of weapons or drugs in school, instances of student assaults on staff members, or cases in which a student has been indicated for a felony or felony delinquency. The process for imposing discipline in those matters is still subject to M.G. L. c. 71, 37H & 37H $\frac{1}{2}$. The new law limits the duration of suspension to not more than 90 school days; this limitation does not apply to suspensions or exclusions under 37H & 37H $\frac{1}{2}$. In all cases the school district must continue to provide educational services to students if they are suspended or excluded for more than 10 school days.

MASSACHUSETTS LAW CHAPTER 71

Controlled Substances, Dangerous Weapons, Assault Upon Staff, Section 37H #JIC In accordance with the education reform act of 1993, ch. 71, section 37H, a student may be subject to expulsion according to the following regulations:

a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or knife: or a controlled substance as defined in Ch. 94C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the Principal.

b) Any student who assaults a Principal, Assistant Principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the Principal.

c) Any student who is charged with a violation of either paragraph (a) or (b) will be notified in writing of an opportunity for a hearing: provided, however, that the student may

[Return to Table of Contents](#)

have representation, along with the opportunity to present evidence and witnesses at said hearing before the Principal.

d) After said hearing, a Principal may, at their discretion, decide to suspend rather than expel a student who has been determined by the Principal to have violated either paragraph (a) or (b).

e) Any student who has been expelled from a school district pursuant to these provisions will have the right to appeal to the Superintendent. The expelled student will have ten (10) days from the date of the expulsion in which to notify the Superintendent of the appeal. The student has the right to counsel at a hearing before the Superintendent. The subject matter of the appeal will not be solely limited to a factual determination of whether the student has violated any provisions of this section.

f) When a student is expelled under the provisions of this section, schools and school districts within the Commonwealth will be required to admit such student and to provide educational services to said student. If the student does apply for admission to another school or school district, the Superintendent of the school district to which application is made may request and will receive from the Superintendent of the school expelling said student a written statement of the reason for said expulsion. Upon expulsion of said student, schools and school districts will be required to provide educational services to such students to be determined by the school Principal.

Suspension/Expulsion: Felony Complaint Or Conviction, Section 37H ½ #JIC

In accordance with the Education Reform Act of 1993, Ch. 71, Section 37H 1/2, the following disciplinary action may be taken upon a felony complaint or conviction:

1. Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the Principal may suspend such student for a period of time determined appropriate by said Principal if said Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student will receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student will also receive written notification of the right to appeal and the process for appealing such suspension: provided, however, that such suspension will remain in effect prior to any appeal hearing conducted by the Superintendent.

The student will have the right to appeal the suspension to the Superintendent. The student will notify the Superintendent in writing of this request for an appeal no later than five (5) calendar days following the effective date of the suspension. The Superintendent will hold a hearing with the student and the student's parent or guardian within three (3) calendar days of the student's request for an appeal. At the hearing, the student will have the right to present oral and written testimony on their behalf, and will have the right to counsel. The Superintendent will have the authority to overturn or alter the decision of the Principal,

[Return to Table of Contents](#)

including recommending an alternate educational program for the student. The Superintendent will render a decision on the appeal within five (5) calendar days of the hearing. Such decision will be the final decision of the school district with regard to the suspension.

1. Upon the student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the Principal may expel such student for a period of time determined appropriate by said Principal if said Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student will receive written notification of the charges and the reasons for such expulsion prior to such expulsion taking effect. The student will also receive written notification of the right to appeal and the process for appealing such expulsion; provided, however, that such expulsion will remain in effect prior to any appeal hearing conducted by the Superintendent.

The student will have the right to appeal the expulsion to the Superintendent. The student will notify the Superintendent in writing of the request for an appeal no later than five (5) calendar days following the effective date of the suspension. The Superintendent will hold a hearing with the student and the student's parent or guardian within three (3) calendar days of the student's request for an appeal. At the hearing, the student will have the right to counsel. The Superintendent will have the authority to overturn or alter the decision of the Principal, including recommending an alternate educational program for the student. The Superintendent will render a decision on the appeal within five (5) calendar days of the hearing. Such decision will be the final decision of the school district with regard to the expulsion.

Upon expulsion of said student, schools and school districts will be required to provide educational services to such students to be determined by the school Principal.

Education Services And Academic Progress Under Sections 37H, 37H ½ and 37H ¾ #JIC

Any student who is serving an in-school suspension, short-term suspension, long-term suspension, or expulsion will have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of their removal from the classroom or school. The Principal will inform the student and parent of this opportunity in writing when such suspension or expulsion is imposed. Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, will have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan. The Principal will notify the parent and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice will be provided in English and in the primary language spoken in the student's home if other than English as determined by the home language survey, or other means of communication where appropriate. The notice will include a list of the specific

education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

SEARCH & SEIZURE #JIH

The Fourth and Fourteenth Amendments to the United States Constitution guarantees freedom from unreasonable search of one's person and property. Equipment assigned to students, such as lockers and desks, belongs to the Mansfield Public Schools. As such, there is no expectation of privacy in lockers, desks, or any other property belonging to the Mansfield Public Schools, which reserves the right to inspect such property.

The search of students or their property or their vehicles on school property shall comply with the following procedures:

1. There shall be reasonable suspicion for school personnel to believe that a search will disclose evidence of a violation of a school rule or law.
2. When such reasonable suspicion exists, a search may be conducted under the explicit authorization of the principal or their designee.
3. Items that might be used to disrupt or interfere with the educational process, such as weapons or illegal substances, will be removed from the student's possession. Parents will be notified when such a search has been conducted. Body searches are not conducted.

USE OF TOBACCO AND TOBACCO FREE PRODUCTS ON SCHOOL PROPERTY #JICG

The Massachusetts Education Reform Act prohibits smoking in school and on school property. Students are not permitted to smoke or use tobacco products at any time in the building and on the school grounds or in transportation vehicles used for school-sponsored events and activities. In addition, use of any tobacco product or smoking is banned at all school-sponsored events, even though this use does not take place on school grounds. Because it is illegal for anyone under 18 years of age in Massachusetts to purchase tobacco products, possession of all tobacco products on school grounds is prohibited.

Students who violate this rule will be subject to a Level II consequence. For the purpose of this policy, “smoking” will mean all uses of tobacco or tobacco-free products and devices (including but not limited to chewing tobacco, cigars, cigarettes, and pipes) and the use of electronic, ‘vapor,’ or other substitute forms of cigarettes and nicotine.

AUTOMOBILES & PARKING

Use of the parking facilities at Mansfield High School is a privilege for students who have registered and paid the parking fee. The student will be assigned a school parking tag. Parking tags are in effect from 7am-2:20pm and students who do not have a parking tag are not permitted to park in the “senior lot.” Members of the senior class will be allowed a first opportunity to purchase a parking sticker for the year during the first semester, any remaining stickers/spots will be sold to any members of the senior or junior classes by way of a lottery of those that have submitted the proper paperwork. No refunds will be given. Should demand exceed supply for student parking, MHS reserves the right to implement a randomized lottery system to award students with parking privileges.

Please refer to the Search and Seizure section in regards to automobiles on school property.

For all registered drivers who have paid the parking fee, in order to maintain this privilege, they must:

1. Have paid the parking fee in full and registered their vehicle with the main office.

Students are not permitted to bring open beverages into school, including but not limited to open containers of juice, soda, coffee, tea and/or any type of "take-out" beverage. - Students may not place food orders for delivery during the school day.

Also students who require such accommodations through their IEP or 504 plans are permitted to have access to food and beverages.

The use of food to complement the school curriculum can provide a valuable learning

[Return to Table of Contents](#)

experience for students and an enhanced academic experience; however, a safe environment needs to be ensured for all students. Due to health concerns over food preparation and contact, approval from the School Principal and Health Services must be obtained at least one month prior to the planned activity.

CARE OF SCHOOL PROPERTY #ECAC

Students may not mark school furniture, walls, ceilings, floors, or equipment with pen, pencil or any other instrument or cause damage to the infrastructure within the indoor or outdoor facilities of the school district. Students may not tamper with the fire alarms, fire extinguishers, or any electrical systems, including the computer network. Anyone who willfully or negligently destroys school property through vandalism, arson, or larceny, or who creates a hazard to the safety of other students, may face punitive measures as defined by Massachusetts General Law and make restitution for damaged property. Staff members should obtain and report to the administration the names of students who violate the terms of this paragraph.

Each student must promptly return all classroom and library books, athletic clothing, supplies and equipment, cameras, musical instruments, and other school equipment and property entrusted or loaned to them. A student shall be responsible for returning such materials in the same condition in which they were entrusted or loaned to the student and shall bear the cost of repairing or replacing the damaged, lost or stolen materials. Failure to return such materials upon request shall subject the student to disciplinary consequences and the potential loss of privileges. Neither food nor drink should be brought into either the auditorium or the gymnasium.

CHEATING & PLAGIARISM

Cheating is a serious academic offense that impedes learning and diminishes personal growth. It includes but is not limited to cheating on tests, quizzes, homework, or any other assignment regardless of point value. If a teacher determines that a student has cheated, the teacher will notify parents and administrators, and the consequences may be as follows:

- 1st offense: automatic zero on the assignment or exam
- 2nd offense: automatic zero on the assignment or exam and appropriate disciplinary action.
- Any subsequent offenses will result in an automatic zero on the assignment and more severe disciplinary action.

Employee communication should be consistent with professional practices used for all correspondence.

All electronic or telephone contact by coaches and club/activity advisors with students will be sent to two or more team members, except for messages that would compromise confidential information, such as medical or academic privacy matters. Messages from coaches and club/activity advisors sent to individual students will be copied to the Principal or their designee.

Monitoring

All computer equipment, services, or technology that we furnish are the property of the Mansfield Public Schools, and users should have no expectation of privacy. We reserve the right to monitor local network and Internet traffic, including information sent or received through our online connections or stored on our computer systems for any reason, including but not limited to ensuring quality control and investigate system problems, ensuring student and employee safety and district security, or as may be necessary, ensuring that the District is not subject to claims of misconduct.

The Superintendent or designee will approve access to files on District-owned equipment or information only when there is a valid reason to access those files. CHROMEBOOK REPAIR FEES

Chromebooks repair costs can be significant and may result in a financial cost to our students/families depending on the nature of the repair. Once our Chromebook Technician receives the device, they will diagnose the repair as falling within one of the three categories: Normal Wear and Tear, Accidental/Physical Damage, and Intentional Damage. Please note that these fees apply to the chromebook that is assigned to you or any loaner in your possession.

Normal Wear and Tear: This is mostly (but not always) the result of failures with the internal components of the device. This is due to no fault of the student. Some examples of repairs that fall under this category are faulty batteries, small scrapes, and replacement cables. These types of repairs will result in **no cost or fee** to the student.

Accidental/Physical Damage: Accidental/Physical Damage to a device that had the potential to be preventable. The first occurrence of this damage for a student will result in a "strike" or what could be also described as a "**first time no cost**" repair. For the first repair that falls under this category, there will be a "strike" administered to the students repair history. This strike will follow the student for the duration they have their current device. Strikes will be cleared if the student is given a replacement device.

Our technician will move ahead with the repair as normal, replacing and repairing parts as necessary for the specific repair. Any and all parts used in this first repair will be at no cost of the student, as this is their first offense. Students and Parents will be notified that they have

[Return to Table of Contents](#)

used their strike via email. Any device that comes in for another repair after this first strike has been administered results in a fee for any and all parts used in the repair. **(Refer to Chromebook Parts Fee Chart)**

Examples of Accidental/Physical Damage: Broken chromebook screen or plastic bezels, device was mishandled resulting in cracked/broken keyboard, broken/missing hinge trim cover, a liquid spill, or a broken/cracked shell.

Intentional Damage: Examples of Intentional damage include but are not limited to disassembling the device, forced breakage of any part, stickers (both the device and protective case), drawing or painting on the keyboard, outside case, and the screen and bezel. If our technician has diagnosed a student device as having intentional damage the appropriate school administrator will conduct an investigation into the matter. Intentional Damage of any kind is categorized as vandalism and will result in a repair fee. **(Refer to Chromebook Parts Fee Chart)** If it is determined that the Chromebook is damaged beyond repair then the student will be charged a **\$225.00 fee** for the replacement of the Chromebook.

Starting in the 2022-2023 school year, students will **not be allowed** to put stickers anywhere on their device and protective case. This will apply to the newly distributed devices and as older student devices are phased out this will be the policy across all Chromebooks.

Students **cannot use a third-party repair or insurance service**. School Devices must be repaired by our in-school technician and are managed solely on campus.

Fees can be accessed and paid through the online UNIPAY portal. This is a convenient way to pay fees online with a credit card. This can be found at the Mansfield Public Schools Website under Parents -> Online Payments -> UNIPAY, or by following this link:

The student is expressly forbidden to demonstrate the problem to any other users.

Users should not copy any software onto school-owned computers. This includes free-ware and

Users should contact a system administrator or their designee for installation of any licensed software so that it can be checked first for system safety, compatibility and setting adjustments.

Evidence of an intentional violation will prompt a review and modification of privileges and possible disciplinary and/or legal action.

DRESS

The Mansfield Public Schools is committed to being a diverse and inclusive community and respects the rights of students to express themselves through their dress. As such, the responsibility for the dress and appearance of the students will rest with individual students and their families. Also, in accordance with Massachusetts state law students are expected to dress in a manner that conforms to reasonable standards of health, safety, and cleanliness that will not cause disruption to the educational process. Students should **not** wear clothing that:

ALCOHOL, TOBACCO, OR SUBSTANCE POSSESSION OR USE BY STUDENTS**#JICG/JICH, JICH-A, ADB**

The Mansfield School Committee prohibits students’ use, possession, distribution, or selling of controlled substances, tobacco products (including but not limited to chewing tobacco, cigars, cigarettes, pipes, electronic, ‘vapor’, or other substitute forms of cigarettes and nicotine products), alcoholic beverages, or non-prescribed mind altering substances, as well as prescription medication misuse in school, on school grounds, in transportation vehicles used for school-sponsored events, or at any school functions or activities, even though this use does not take place on school grounds. Students found in violation of this policy will be subject to appropriate action by school officials and may be referred to legal authorities. Penalties for violating this policy, as they affect athletic participation as mandated by the Massachusetts Interscholastic Athletic Association (MIAA), may be lengthier than penalties imposed by the school.

The school district will utilize, in accordance with law, a verbal screening tool approved by the Department of Elementary and Secondary Education (DESE) to screen students for substance abuse disorders. Trained staff will administer the screening tool on an annual basis at grades 7 and 9.

Parents/guardians will be notified prior to the opening of school each year. Parents/guardians or will have the right to opt out of the screening by written notice prior to or during the

[Return to Table of Contents](#)

De-identified results will be reported to the Department of Public Health within 90 days of completion of the screening process of eligible grades.

If desired, the school psychologist shall provide the psychological examination free of charge. The physical examination shall be done at the parent's expense. Either or both of

CELL PHONES & OTHER ELECTRONIC MEDIA DEVICES #IJNDB

In an effort to maximize student engagement in their academic pursuits, students will not be permitted to use cell phones or their smartwatches during class time for any reason. When students arrive in class, they will place their phones in a centrally located, visible location as designated by the teacher and leave the phone in that location until they are dismissed from the class for the day. Students will not be permitted to take the phone with them if they leave to go to the bathroom or attend an appointment in school unless they do not anticipate returning to class. If the entire class leaves for an assembly and there will be no supervision in the classroom, the students may take their phones with them. The Mansfield Public Schools will not be held responsible if a phone is lost, damaged or stolen.

If a student does not follow these guidelines, students will be expected to turn over their phone to a teacher or staff member. If the student does not give the teacher the phone, an administrator will be called. The first violation of the cell phone policy will result in the phone

[Return to Table of Contents](#)

being held in the main office until the end of the school day. On the second occasion, the device will be held in the main office and returned to a parent/guardian who must come to MHS to retrieve the device. On subsequent occasions, the issue may be referred to an administrator for further consequences.

Students will be permitted to use cell phones in the hallways and in the cafeteria during lunch. Students still must report to the main office to make phone calls. Headphones/Airpods are permitted in the hallways during passing time. Headphones/Airpods are not permitted in the classroom unless used to connect to a Chromebook with the express permission of a teacher or as part of a student's individualized plan. Cell phones are only permitted in class for students who have a specific accommodation in their IEP or 504 plan. The expectation is that students will follow the MPS Responsible Use Policy at all times, as well as the Electronic Video and Still Image Devices Policy #IJNDB.

ELECTRONIC VIDEO & STILL-IMAGE DEVICES #IJNDB

If an unauthorized student uses an electronic video or still-image device, the equipment may be confiscated, secured in the main office, and returned to their parent. Any unauthorized capture or distribution of electronic video or still images may result in a suspension and/or possible prosecution by the Mansfield Police Department.

The Mansfield Public Schools recognize and support student efforts to capture images that serve as nostalgic reminders of their high school years. Yearbook and Scoop staffs hold the formal responsibility for this creative endeavor, but students often want a more personal record. If students wish to use electronic video or still-image devices while on school property, they must request permission from the building administrator.

FINANCIAL OBLIGATION #JQ

Students occasionally incur financial obligations as a result of circumstance or willful

[Return to Table of Contents](#)

misbehavior. Lost books, lost locks, misplaced and or damaged athletic clothing, supplies and equipment including devices and accessories, or punitive assessments as the result of vandalism or negligence can result in such financial obligations.

HAZING #JICFA #JICFA-E

In accordance with Massachusetts General Laws, the School Committee hereby deems that no student, employee or school organization under the control of the School Committee shall engage in the activity of hazing a student while on or off school property, or at a school sponsored event regardless of the location. No organization that uses the facilities or grounds under the control of the School Committee shall engage in the activity of hazing any person while on school property.

Any student who observes what appears to them to be the activity of hazing another student or person should report such information to the Principal including the time, date, location, names of identifiable participants and the types of behavior exhibited. Students and employees of the District are obligated by law to report incidents of hazing to the police department.

Any student who is present at a hazing has the obligation to report such an incident. Failure to do so may result in disciplinary action by the school against that student and could involve suspension from school for up to three days.

Any student who participates in the hazing of another student or other person may, upon the approval of the Principal, be suspended from school for up to ten (10) school days.

Any student determined by the Principal to be the organizer of a hazing activity may be recommended for expulsion from school but will receive no less disciplinary action than that of a participant. In all cases relating to hazing, students will receive procedural due process.

STUDENT TRANSPORTATION SERVICES/SCHOOL BUSES –#EEAA

Bus routes are established under the direction of the superintendent in cooperation with bus contractors so as an authorized bus stop is available within a reasonable walking distance of the home of every student entitled to transportation, and that distance does not exceed one mile. Bus routes are structured so the total time a student spends on the bus is minimal.

Authorized bus stops are located at convenient intervals in places where students may be loaded and unloaded, cross highways, and await arrival of buses with the utmost safety allowed by road conditions.

The district's responsibility begins when the child boards the bus at the pickup location and ends when the child disembarks at the drop off location after school. The bus driver should be considered to have complete authority over students while it is their responsibility to deliver them safely to and from school.

PAY-N-RIDE Fee Based

All grade K through 6 students who live less than 2 Miles and All Grades 7 through 12 students may ride the bus on a PAY-N-RIDE fee basis.

Fees

The School Committee shall establish fees for transportation for all non-eligible students and will review them on a regular basis. Said fees must be paid to the school department prior to the student riding the bus. The Pay-N-Ride fee is non-refundable. After the 90th day of school, bus fees for new riders shall be one-half the annual fee.

No student eligible for free or reduced lunch under the Federal School Lunch Program, shall be required to pay a fee for transportation.

Special Education

Regular transportation: If the student does not require transportation as a result of his or her disability, then transportation shall be provided in the same manner as it would be provided for a student without disabilities. In such case, the IEP shall note that the student receives regular transportation, and if the school district provides transportation to similarly situated students without disabilities, the eligible student shall also receive transportation.

Special transportation: If the Team determines that the student's disability requires transportation or specialized transportation arrangements in order to benefit from special education, the Team shall note on the student's IEP that the student requires special transportation. In such circumstances, transportation is a related service.

[Return to Table of Contents](#)

Alternate Addresses

Transportation may be requested, in writing, to and from a location other than the student's legal residence, provided that all of the following conditions are met:

- The service is to/from said alternate location in the AM and/or PM, each and **every** school day.
- The student is eligible for transportation services.
- The alternate location is on an existing bus route.
- There is space on the bus.

School Bus Rules & Regulations #JICC

The school bus is an extension of the classroom and rules regarding behavior are the same as in school. Students who violate any of the rules and regulations for school bus students may, at the discretion of the administration, have their bus privileges suspended and/or be disciplined through the school as defined in the discipline section of this handbook.

The bus driver should be considered to have complete authority over students as it is the bus drivers' responsibility to deliver students safely to and from school.

Students who ride the school bus should be familiar with the following:

- Students should be on time for the bus but not arrive at the stop earlier than 10 minutes before the time at which the bus usually arrives.
- Students waiting for buses shall not go on private property or cause any damage to such property.
- Students should remain well back from the roadway while awaiting the arrival of the bus. Start loading the bus only at the direction of the driver.
- Students shall enter the bus in an orderly fashion and go directly to a seat and remain seated until their destination is reached and the bus is stopped.
- Students shall be picked up and dropped off only at their regularly scheduled stops.
- Students shall cooperate with and be courteous to the driver and to fellow students.
- Students shall not vandalize damage or deface the buses or the property of other students.
- No disturbing the driver by any means – there shall be no shouting, vulgar language, roughhousing, or throwing things on the bus.
- There shall be no eating or drinking on the bus. Students who have a current accommodation for a 504 plan, an Individualized Education Plan (IEP), have specific medical conditions or approved sensory diets are exempt from this rule.
- All articles such as athletic equipment, books, musical instruments, etc. must be kept out

[Return to Table of Contents](#)

of the aisles and off of the seat. Items must be small enough to fit under the seat in front of the student or the items will not be permitted on the bus.

- Students shall not throw anything out of a window. Students shall keep their hands, arms and heads inside the bus at all times.
- The emergency door is to be used for **EMERGENCY USE ONLY**

Bus drivers must notify the building principal or administrator in charge of discipline when an infraction of the rules occurs. This notification must be written on a Bus Conduct Report Form as approved by the Business Office.

Bullying, Teen Dating Violence, and Sexual Harassment

SEXUAL HARASSMENT

This is a summary of the District's Title IX policies and procedures. For the full District procedures to handle Title IX allegations, please go to www.mansfieldschools.com

The District has a commitment to maintaining a workplace and educational environment where bigotry and intolerance, including discrimination such as harassment on the basis of sex, sexual orientation, and gender identity or expression are not tolerated. Discrimination, including harassment, is contrary to the mission of the District and its commitment to equal opportunity in education.

Complaints and Reports of Sexual Harassment

Upon receiving actual notice of alleged sexual harassment without a formal complaint, staff members must notify the Title IX Coordinator. The Title IX Coordinator must then contact the complainant within two school days of receiving the complaint and do the following:

- Discuss and offer supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Explain that supportive measures may be received with or without filing a formal complaint;
- Determine whether the complainant wishes to file a formal complaint; and
- Explain to the complainant the purpose of filing a formal complaint.

The Title IX Coordinator must document in writing the supportive measures offered/provided or why no supportive measures were offered/provided. Complainants and respondents must be offered supportive measures even if they do not file a formal complaint.

[Return to Table of Contents](#)

If the complainant declines to file a formal complaint, the Title IX Coordinator must consider whether to sign a formal complaint and start an investigation despite the complainant's preferences. This decision may be appropriate when safety or similar concerns lead the district to conclude that a non-deliberately indifferent response to actual knowledge of Title IX sexual harassment could reasonably require the school district to investigate and potentially sanction a respondent. A Title IX Coordinator's decision to override the complainant's decision not to file a formal complaint must be documented in writing along with an explanation of why this decision was necessary in order to avoid deliberate indifference.

Formal complaints may also be filed directly with the Title IX Coordinator by a complainant in person, by mail, by email, or by telephone at any time, including during non-business hours.

The contact information for the Title IX Coordinator is:

Michael Connolly, Assistant Superintendent

There is no time limit or statute of limitation on timing to file a formal complaint. However, at the time of filing a formal complaint, an alleged victim must be participating or attempting to participate in a program or activity of the school district. Additionally, the district has discretion to dismiss a formal complaint where the passage of time would result in the district's inability to gather evidence sufficient to reach a determination regarding responsibility, or when the district loses responsibility for the respondent (e.g., the respondent no longer attends or is employed by the district).

If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved, did not occur in the school district's education program or activity, or did not occur against a person in the United States, then the school district must dismiss the formal complaint under these procedures, but could investigate it under other policies and procedures. The school district must send written notice of any dismissal.

Investigations to allegations of sexual harassment will be prompt and the formal process will be completed within a sixty day timeframe where feasible. There may be a temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to

[Return to Table of Contents](#)

the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Written Notice

Before any investigation can begin, the district must send written notice to both parties including sufficient details. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. The written notice must inform the parties that the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If additional allegations are added during the course of the investigation, additional written notice must be provided.

Informal Resolution

Where appropriate, after notice has been issued, the Title IX Coordinator should also consider offering the parties an option for informal resolution (e.g., mediation). Informal resolution may only be offered after a formal complaint is filed, and the parties must give written consent to engage in this process. Informal resolution may not be used if the allegation is against an employee respondent. Facilitators of informal resolution will be designated by the Title IX Coordinator and must not be biased against any of the parties.

Informal resolution is entirely voluntary. Complainants may elect to pursue formal procedures at any step in the process of making their complaint, even if informal resolution has already begun. Similarly, respondents may elect to follow formal procedures and decline informal resolution.

If the complainant and the respondent feel that their grievances have been sufficiently addressed via informal resolution, then no further action needs to be taken. This voluntary conversation must occur within five (5) school days after receiving the complaint of discrimination or harassment, unless both parties agree otherwise. The results of an informal resolution shall be maintained by the facilitator, in writing.

If the complainant is not satisfied with the resolution from the informal process, or if he/she does not choose informal resolution, then he/she can begin the formal complaint procedure

[Return to Table of Contents](#)

described below.

Investigation

If informal resolution is not offered to or accepted by the parties, the Title IX Coordinator will designate an investigator and a decision maker, who may not be the same person. The Title IX Coordinator is free to cast himself/ herself in either role, where appropriate.

Prior to completion of the investigative report, the school district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

Findings should be written in a factual way in an investigative report. Credibility determinations may not be based on an individual's status as complainant, witness, or respondent.

During the investigative process and any further hearings, complainants and respondents have a right to have advisors of their choice participate in all aspects of the proceedings. The district will provide both parties with written notice of investigative interviews, meetings, and hearings, with sufficient time to prepare.

Findings of Responsibility

After the investigator has completed the investigation, the designated decision-maker will be assigned to determine final responsibility or lack thereof for violating Title IX. The decision-maker must not be biased against any of the parties at the outset of this process.

Before the district can determine responsibility, an investigative report will be sent to the parties and the decision-maker will offer both the complainant and respondent the opportunity to submit proposed relevant, written questions to ask of any party or witness, to respond to questions posed by another party, and to offer additional limited follow-up. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

After this process is complete, the decision-maker will create a written determination regarding whether sexual harassment has occurred using a preponderance of the evidence standard.

A "preponderance of the evidence" means that it is more likely than not that the alleged

[Return to Table of Contents](#)

conduct occurred. The decision-maker shall further recommend what action, if any, is required. If it is determined that sexual harassment occurred, the District will take steps to prevent the recurrence of the harassment and correct its discriminatory effect on the complainant and others if appropriate. Such remedies may include supportive measures.

The written determination must be issued to both parties simultaneously and must include:

- (A) Identification of the allegations potentially constituting sexual harassment;
- (B) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- (C) Findings of fact supporting the determination;
- (D) Conclusions regarding the application of the recipient's code of conduct to the facts;
- (E) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the complainant; and
- (F) The district's procedures and permissible bases for the complainant and respondent to appeal (a copy of, or direct reference to, this policy will suffice).

Formal disciplinary actions may be imposed in the event that the preponderance of the evidence indicates a violation of this policy, up to and including expulsion or termination. Any disciplinary action will be in accordance with due process rights under State law and any applicable collective bargaining agreement.

As indicated above, these procedures do not limit the District from removing a student or employee from a program or activity on an emergency basis based on immediate threats to people's physical health or safety or placing an employee on administrative leave during the pendency of the investigation.

Appeals

Any party may appeal the decision in writing to the Superintendent within fifteen (15) school days of receipt of the findings of the formal procedure or a dismissal on the following bases:

- (A) Procedural irregularity that affected the outcome of the matter;
- (B) New evidence that was not reasonably available at the time the determination regarding

responsibility or dismissal was made, that could affect the outcome of the matter; and

(C) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The school district will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties. Both parties will have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The Superintendent or designee, as a further impartial decision-maker, will review the comprehensiveness and accuracy of the investigation and the conclusions, and issue written findings to both the complainant and respondent within thirty (30) school days of the appeal.

Retaliation

Complainants and those who participate in the complaint resolution process or who otherwise oppose in a reasonable manner an act or policy believed to constitute discrimination are protected from retaliation by law and District policy. The coordinator or designee will inform all involved individuals that retaliation is prohibited, and that anyone who feels that they have experienced retaliation for filing a complaint or participating in the resolution process should inform the coordinator. The coordinator will investigate reports of retaliation and, where retaliation is found, take separate remedial and disciplinary action.

BULLYING PREVENTION AND INTERVENTION (Unless otherwise defined by Massachusetts General Law) - #JICFB, #JICFB-R

The Mansfield Public Schools is committed to providing a safe haven that fosters a culture of respect free from harassment, intimidation, bullying, cyber bullying, and retaliation to support the diverse human needs of all our students, employees, volunteers, visitors, and patrons. This commitment is an integral part of our comprehensive efforts to promote learning in a safe environment, and to prevent and eliminate all forms of bullying and other harmful and disruptive behavior that can impede the learning process.

The District will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyber bullying, or retaliation, in district school buildings, on school grounds, or in school-related activities. This prohibition applies to all MPS employees, volunteers, independent contractors, students, and parents/guardians, including conduct between/among all parties. All reports and complaints of bullying, cyber bullying, and retaliation will be investigated promptly and action taken to end that behavior and restore the target's sense of safety. This commitment will be supported in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent/guardian involvement.

Administrators and supervisors are expected to make clear to students and staff that any bullying behaviors, as defined below, will not be tolerated in school buildings, on school grounds, on the bus or school-sanctioned transportation, or at school-sponsored events or activities.

Bullying is prohibited:

- On school grounds;
- On property immediately adjacent to school grounds;
- At school-sponsored or school-related activities;
- At functions or programs whether on or off school grounds;
- At school bus stops;
- On school buses or other vehicles owned, leased or used by the school district;
- Through the use of technology or an electronic device owned, leased, or used by the Mansfield Public Schools

Bullying and cyber bullying are prohibited at a location, activity, function, or program that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the Mansfield school district if the act or acts in question create a hostile environment at school for the target; infringe on the rights of the target at school; and/or materially and substantially disrupt the education process or the orderly operation of a school.

I. Definitions

To effectively support a comprehensive and collaborative approach to school safety, it is essential for school personnel, students, parents/guardians, law enforcement agencies and

[Return to Table of Contents](#)

other interested parties to use common language. The following definitions, several of which are copied directly from M.G.L. c. 71, § 37O, are provided to help facilitate this:

Aggressor is a student or a member of a school staff who engages in bullying, cyber bullying, or retaliation.

Bullying is the repeated use by one or more students or by a member of a school staff of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a target that:

- causes physical or emotional harm to the target or damage to the target's property;
- places the target in reasonable fear of harm to oneself or of damage to their property;
- creates a hostile environment at school for the target;
- infringes on the rights of the target at school; or
- materially and substantially disrupts the education process or the orderly operation of a school.

Cyber bullying is defined as bullying through the use of technology or any electronic communication, which will include, but will not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber bullying will also include the creation of a web page or blog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

Cyber bullying will also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the clauses, inclusive, of the definition of bullying. 37O(a)

Hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of a student's education.

Positive Behavior Intervention and Supports (PBIS) is a decision-making framework that guides selection, integration, and implementation of the best evidence-based academic and behavioral practices for improving important academic and behavior outcomes for all students. PBIS emphasizes four integrated elements:

- (a) data for decision making,

[Return to Table of Contents](#)

- (b) measurable outcomes supported and evaluated by data,
- (c) practices with evidence that these outcomes are achievable, and
- (d) systems that efficiently and effectively support implementation of these practices.

Response to Intervention (RTI) integrates assessment and intervention within a multi-level prevention system to maximize student achievement and to reduce behavior problems. With RTI, schools identify students at risk for poor learning outcomes, monitor student progress, provide evidence-based interventions and adjust the intensity and nature of those interventions depending on a student's responsiveness, and identify students with learning disabilities or other disabilities.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

School Staff includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

Target is a student against whom bullying, cyber bullying, or retaliation has been perpetrated.

For the purpose of this policy and accompanying plan, whenever the term bullying is used, it is to denote either bullying or cyber bullying.

II. Prevention and Intervention Plan

The Superintendent will oversee the development of a prevention and intervention plan, in consultation with all district stakeholders, which may include teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, and parents/guardians, consistent with the requirements of this policy, as well as state and federal laws.

The Superintendent or designee will review and update the Bullying Prevention and Intervention Plan by December 31 every other year.

Each Principal will implement and oversee the Bullying Prevention and Intervention Plan within their school.

III. Reporting

Responsibility of Students

Students who believe that they are a target of bullying, observe an act of bullying, or who have reasonable grounds to believe that these behaviors are taking place, should report incidents to a

[Return to Table of Contents](#)

member of the school staff. The target will, however, not be subject to discipline for failing to report bullying.

Each school will have a means for anonymous reporting by students of incidents of bullying. No formal disciplinary action will be taken solely on the basis of an anonymous report. Any student who knowingly makes a false accusation of bullying may be subject to disciplinary action.

Parents or guardians, or members of the community, are encouraged to report an incident of bullying as soon as possible.

Responsibility of School Staff

School staff will take all reasonable measures to prevent bullying. Any employee that witness, hear of, or have reasonable grounds to believe that bullying behaviors are taking place, is obligated to report such behaviors to the principal or their designee immediately. Additionally, any employee who observes an incident of bullying on school property or at a school-related event on or off school property must immediately notify the principal or their designee.

This report should be made verbally as soon as possible but no later than the end of the student's school day. Staff members are required to report all acts or incidents of bullying.

IV. Investigation Procedures

The building Principal or designee first assesses the safety needs of the alleged target and/or protects the alleged target from possible further incidents. The building Principal or designee work with staff to create a personal safety plan; assign seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identify a staff member (in most cases the guidance counselor) who acts as a "safe person" for the target; and, when feasible, altering the aggressor's schedule so there is no access to the target. The administrator alerts the parents/guardians about the safety plan as needed. The Principal or designee will promptly investigate the report of bullying, in accordance with current state regulations.. The investigation may include interviewing the alleged target, alleged perpetrator, staff members, students and/or witnesses.

Student support staff will assess an alleged target's needs for protection and create and implement a safety plan that will restore a sense of safety for that student. Confidentiality will be used to protect a person who reports bullying, provides information during an investigation of bullying, or is witness to or has reliable information about an act of bullying. If the Principal or designee determines that bullying has occurred, they will take appropriate disciplinary action.

Furthermore, school staff also must report all crimes to the police. Staff should notify the Principal, who will notify the Superintendent and the School Resource Officer. The SRO will

[Return to Table of Contents](#)

coordinate notification to the police. Reporting of any such incident will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

The investigation will be completed promptly. The parents or guardians will be contacted upon completion of the investigation and informed of the results, including whether the allegations were found to be factual, whether a violation of this policy was found, and to the parents of the alleged aggressor, whether disciplinary action has or will be taken.

Retaliation

The Mansfield Public Schools prohibits retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Confidentiality

Confidentiality will be maintained to the extent consistent with the school's obligations under law.

VII. Disciplinary Action

The Mansfield Public Schools is committed to creating a campus environment that promotes timely and fair adjudication of bullying incidents. Principals will establish guidelines to protect the rights and privacy of the targeted student as well as the due process rights of the alleged aggressor. If it is determined that inappropriate conduct has been committed by a student, the Mansfield Public Schools will take such action as it deems appropriate under the circumstances and that is consistent with the school's Student Code of Conduct. Such action may range from counseling and/or discipline up to and including suspension or expulsion from school. All employees, including supervisors and managers, who engage in bullying are subject to immediate disciplinary action, including possible termination of employment.

The District will provide counseling or referral to appropriate services, including guidance, academic intervention, and protection to both the targeted student and aggressors as necessary.

The Principal or designee will document and maintain a file on any incident of bullying that is reported per this policy. The Principal will provide a monthly report to the Superintendent.

VIII. Prevention: Training and Education**Staff Training**

The Mansfield Public Schools will provide annual training in preventing, identifying, responding to, and reporting incidents of bullying for school employees and volunteers who have significant

[Return to Table of Contents](#)

contact with students and will provide annual training for faculty and staff at each school on the Bullying Prevention and Intervention plan as it pertains to their respective school.

Student Education

On-going, age-appropriate, evidence-based instruction on bullying prevention will be incorporated into the curriculum for all K-12 students.

IX. Publication and Notice

Notice of this policy and plan will appear in all district publications that discuss comprehensive rules, procedures, and student conduct, including but not limited to student handbooks and the Mansfield Public Schools website.

The Superintendent or designee will provide annual written notice of the Bullying Prevention and Intervention Plan to all school staff. Employee handbooks will include relevant sections of the Bullying Prevention and Intervention Plan as they relate to the duties of faculty and staff.

Principals will provide annual written notice of the relevant sections of the Bullying Prevention and Intervention Plan, in age-appropriate terms, to students and their parents/guardians in student/parent handbooks.

Teen Dating Violence #JICFC

The Mansfield Public Schools is committed to providing a learning environment in which dating violence is not tolerated. Consistent with this philosophy, the Mansfield Public Schools is committed to promoting an environment free from dating violence. Accordingly, the Mansfield Public Schools seeks to increase awareness of teen dating violence and help in responding to the needs of victims and children who are witnesses to such violence.

Teen dating violence occurring in any setting is unlawful, and teen dating violence occurring in any school setting will not be tolerated. Further, retaliation against an individual who has complained about teen dating violence or cooperated in an investigation of teen dating violence will not be tolerated. The Mansfield Public Schools will respond promptly to complaints and reports of teen dating violence or retaliation and corrective action will be taken where necessary, including disciplinary action where appropriate.

This policy applies to the extent that the alleged conduct does not fall within the jurisdiction of the District's Title IX policies. If the alleged conduct is encompassed within the District's Title IX policies and procedures, those policies and procedures would control.

I. Defining the Issue of Teen Dating Violence

Domestic Violence/ Interpersonal Violence: Domestic Violence is a pattern of coercive behavior in which one partner attempts to control another through threats or actual use of tactics, which may include any or all of the following: physical, sexual, verbal, financial, psychological abuse and/or through the use of technology (i.e. cyberbullying).

Domestic Violence affects every community across the country, regardless of ethnic group, culture, or background. People of all ages, sex, income levels, faiths, sexual orientation, gender identity, and education levels experience domestic violence.

Teen Dating Violence: Dating violence (or relationship abuse) is a pattern of over-controlling behavior that someone uses against their dating partner. Dating violence can take many forms, including mental/emotional abuse, physical abuse, sexual abuse and/or through the use of technology (i.e., cyberbullying). Someone may experience dating violence even if there is no physical abuse. It can occur in both casual dating situations and serious, long-term relationships.

Child Witness/Exposure to Domestic Violence: Witnessing violence can affect every aspect of a child's life, growth, and development. Exposure can include seeing or hearing the abuse, discovering the effects of abuse (their parent's injuries or broken furniture, etc.) and/or being injured/hurt defending a parent against the abusive behavior.

Family Violence: Family violence is a broader definition, including child abuse, elder abuse, and other violent acts between family members.

Victim/Survivor/Battered: interchangeable terms to refer to the person who has been hurt, abused or threatened with harm, whether or not there has been actual physical abuse.

Abuser/Perpetrator/Batterer: interchangeable terms to refer to the person inflicting the abuse and causing harm, whether or not there has been actual physical abuse.

Additionally, such conduct may also constitute harassment, a form of discrimination that is prohibited by federal and state law; and/or such conduct may constitute bullying, including without limitation, cyberbullying, which is prohibited by state law. The Mansfield Public Schools Non-Discrimination Policy and Prohibition Against Sexual Harassment, and the Mansfield Public Schools Anti-Bullying Policy also prohibit such conduct.

II. Recognizing Warning Signs:

Signs of Abusive Behavior or Victimization Include:

[Return to Table of Contents](#)

- Low self-esteem
- Views violence as a means of problem solving
- Belief that assault is normal
- Difficulty in establishing positive relationships
- Lack of empathy toward others
- Difficulty with social interactions
- Need for instant gratification
- Low impulse control
- Angry outbursts
- Difficulty with dating relationships
- Very degrading toward females
- Victim stance
- Difficulty with authority figures
- Inappropriate physical contact
- Inability to set goals for the future
- Has witnessed domestic violence toward their mother
- Difficulty with accepting responsibility for own actions
- Hopelessness
- Depression
- Poor decision making/problem solving skills
- Sexual harassing behavior
- Difficulty with following directions
- Little or no investment in learning life skills
- Fear of failure/anxiety

III. Procedure for Reporting Teen Dating Violence

Responsibility of Students

A student, who believes that they have been a victim of teen dating violence, believes that they are in danger of teen dating violence, or has a restraining order against an individual, may report the matter to any of the following individuals: (1) principal, (2) assistant principal, (3) guidance/counselor, (4) teacher, or (5) school nurse.

Students who observe an act of teen dating abuse, or who have reasonable grounds to believe that these behaviors are taking place, should report incidents to school faculty and/or staff. The targeted student will, however, not be subject to discipline for failing to report teen dating abuse.

[Return to Table of Contents](#)

The staff member who receives the report must notify the principal or his designee verbally or in writing no later than the end of the student's school day.

Responsibility of School Staff

School staff will take all reasonable measures to prevent teen dating abuse.

Any employee that witness, hear of, or have reasonable grounds to believe that these behaviors are taking place, is obligated to report such behaviors to the principal or their designee. Additionally, any employee who observes an incident of teen dating violence on school property or at a school-related event on or off school property must immediately notify the principal or their designee.

This report should be made verbally or in writing as soon as possible but no later than the end of the student's school day. All staff members are required to report all acts or incidents of dating violence.

These could include:

- Witnessed or reliable information concerning acts or incidents that are characterized by physical, emotional, verbal or sexual abuse.
- Digital or electronic acts or incidents of dating violence.
- Patterns of behavior that are threatening or controlling.

When a report of teen dating violence is received, whether it occurred off school property or has occurred on school property, on the way to or from school or at a school-related event, or a violation of a restraining order on school property, on the way to or from school or at a school-related event is received, the Mansfield Public Schools will act promptly to notify the appropriate authorities of the alleged incident. Reporting of any such incident will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. Any student who knowingly makes a false accusation of dating violence will be subject to disciplinary action.

It is important to take third party information seriously where teen dating violence is concerned. It is recommended that an appropriately trained member of the school staff approach the student to discuss what has been heard and potential concerns. If abuse is acknowledged, a "safety plan"

[Return to Table of Contents](#)

should be worked on, in addition to recommending and sharing referrals for counseling, support groups, and police/court assistance.

Additionally, school staff must remember to comply with all statutory reporting obligations for suspected abuse and neglect (51A reporting). Filing of 51A complaints should be done by following the Mansfield Public Schools Child Abuse and Neglect Reporting Guidelines, including notifying the principal of the suspected abuse and neglect. Furthermore, school staff may need to report all crimes to the police. Staff should notify the principal, who will notify the Superintendent and the School Resource Officer. The SRO will coordinate notification to the police. Reporting of any such incident will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

IV. Ensuring Confidentiality

Under state law, any information about a student's status as a target or perpetrator of dating abuse or as the petitioner or respondent of an order of protection and other related information that is either generated by or provided to school officials, regardless of its form, is part of the individual's student record (*see* Massachusetts Student Records Regulations, 603 CMR 23.00). The information is confidential and must be kept private and secure, and may not be disclosed to third parties without the written consent of the parent or eligible student, except in limited circumstances. An "eligible student" is a student who is 14 years of age or older or who has entered the 9th grade, unless the school committee has extended rights to younger students or those who have not yet entered 9th grade (603 CMR § 23.02). Once the student reaches the age of 18, the student or the parent may consent to the disclosure of information from the student's record to third parties unless the student has limited the parent's right in that regard. (Although a student 18 years of age or older has authority to limit the parent's right to consent to disclosure of their student records, the student cannot limit the parent's right to review them.)

Authorized school personnel may have access to student records of students to whom they are providing services when access is necessary to perform their official duties (603 CMR §23.07(3)). In these circumstances, written consent of the eligible student or parent is not required. For example, if the student or student's parent has provided the school a copy of a court order of protection issued on behalf of one student against another student in the same school, they may need to inform the assistant, the school nurse, teachers, and the student's guidance counselor for safety planning and other related purposes.

[Return to Table of Contents](#)

A school may disclose information to parties in connection with a health or safety emergency if knowledge of the information is necessary to protect the health and safety of the student or other individuals. 603 CMR 23.07

Parental Notification and Disclosure

If school personnel determine that a student is currently in danger or there is potential for danger related to dating abuse, a parent/guardian must be notified. School counselors and administrators will work together with students experiencing dating abuse to find ways of involving parents/guardians in increasing their child's safety. If students choose to notify their parents that they are experiencing abuse, school personnel will assist the student in developing a plan for such disclosure, including meeting with students and parents as needed. The student may disclose the name of the alleged offending student to their parent, but the school may not be able to disclose the name depending on the circumstances and safety plan put into place.

Procedures When the School Is Provided With a Copy of a Restraining Order

When a student has a restraining order against an individual and provides a copy of the order to the school, the school should hold a meeting with the student and their parents/guardians to review the restraining order and its implications. A "safety plan" should be worked out to address the victim's needs and concerns, including staff to which the student may report if any concerns arise or any violation of the restraining order occurs while the student is on school property or at a school-related event. If the restraining order is against another member of the school community, a separate meeting should be held with that individual to review the restraining order and its implications, expectations, and the consequences for violation of the order. The development of the "safety plan" will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances.

V. Investigations and Disciplinary Action

The Assistant Principal or designee investigates promptly all reports of teen dating violence and, in doing so, considers all available information known, including the nature of the allegation(s) and the ages of the students involved. Investigations will be handled in accordance with state guidelines.

During the investigation, the Assistant Principal or designee, among other things, interviews students, staff, witnesses, parents or guardians, and others as necessary. The Assistant Principal

[Return to Table of Contents](#)

or designee (or whoever is conducting the investigation) reminds the alleged aggressor, target, and witnesses that retaliation is strictly prohibited and results in disciplinary action.

Interviews may be conducted by the Assistant Principal or designee, other staff members as determined by the Assistant Principal or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given their obligation to investigate and address the matter, the Assistant Principal or designee maintains confidentiality during the investigative process. The Assistant Principal or designee maintains a written record of the investigation.

Procedures for investigating reports of teen dating violence are consistent with school or district policies and procedures for investigations. If necessary, the Assistant Principal or designee consults with legal counsel about the investigation. The procedures for investigating reports of teen dating violence align with the disciplinary guidelines and procedures as outlined in the student handbooks.

The Mansfield Public Schools is committed to creating a campus environment that promotes timely and fair adjudication of teen dating violence cases. If it is determined that inappropriate conduct has been committed, the Mansfield Public Schools will take such action as it deems appropriate under the circumstances and that is consistent with the school's student code of conduct. Such action may range from counseling and/or discipline up to and including suspension or expulsion from school.

VI. Prevention: Training & Education

Staff Training

The Mansfield Public Schools will provide annual training on the district's teen dating abuse policy and on the topic of teen dating abuse to all administrators, teachers, nurses, and mental health staff at the middle and high school levels. Upon the recommendation of the superintendent, other staff may be included or may attend the training on a volunteer basis; thereafter, this training will be provided yearly to all newly hired staff deemed appropriate to receive the training by the school's principal.

Student Education

Ongoing age-appropriate education on healthy relationships will be provided to all students in grades K-10, with specific instruction relating to teen dating abuse taught yearly in grades 7–10 through the health curriculum. This curriculum will include, but not be limited to, defining teen

[Return to Table of Contents](#)

dating violence, recognizing warning signs of abuse, and characteristics of healthy relationships. Additionally, students will be provided with the school district's teen dating abuse policy in the student handbook.

Parent Education

The District will inform parents of the policy against teen dating abuse and provide them with any additional relevant information and local prevention resources through the Mansfield Public Schools website. The Committee encourages the use of parent workshops at the secondary level on the topic of preventing teen dating abuse.

VII. Other Remedies

In addition to reporting a teen dating violence incident that occurs on school property, on the way to or from school, or at a school-related event in accordance with the procedures above, a student who believes that they have been the victim of teen dating violence on school property, on the way to or from school, or at a school-related event may also file a complaint of harassment and/or bullying in accordance with the procedures set forth in either the Mansfield Public Schools Non-Discrimination Policy and Prohibition Against Sexual Harassment and/or the Mansfield Public Schools Anti-Bullying Policy. Furthermore, a student who believes that they have been the victim of teen dating violence that has occurred off school grounds and/or during non-school hours may report the alleged incident to the police.

Students who believe that they are in danger may also seek a restraining order to protect a person from physical pain or injury or the threat of pain or injury by filing an application for a restraining order at the local courthouse.

VIII. Administrative Plan and Guidelines

The Superintendent will oversee the development of administrative plans consistent with this policy, in consultation with the District's Bullying Prevention Committee.

The Superintendent or designee will review and update the Teen Dating Violence Policy and Administrative Plan by December 31 each year.

IX. Notice

Notice of this policy will appear in all district publications that discuss comprehensive rules, procedures, and student conduct, including but not limited to student handbooks and the Mansfield Public Schools website.

Protocol for Responding to Reports of Teen Dating Abuse and Sexual Violence #JICFC-R

1. Protocol for Intervention: Staff Members

A. Any school staff member who witnesses an act of teen dating violence will take the following steps:

- Verbally instruct the offending student to stop the abusive behavior.
- Separate the offending and targeted student.
- Contact the main office staff, who will immediately contact an administrator to assist if needed.
- Send the offending student to the Assistant Principal's office. If necessary, have the student escorted by an administrator or hall monitor.
- If the behavior took place in the classroom, the staff member should initiate a discipline referral.
- If the incident takes place outside the classroom, but still within the school building, the staff member should report the incident to an administrator, who will initiate a discipline referral.
- Report name(s) of any bystanders to an administrator.
- If the incident takes place at a school-sponsored event outside of the building, reports should be made to the supervising staff member on site (for example, the Athletic Director, Assistant Principal, Class Advisor, etc.)

B. Any school staff member who learns of or suspects an act of teen dating violence will take the following steps:

- If comfortable doing so, staff should speak with the alleged targeted student directly. Inform the student of their right to file a complaint of dating abuse any counselor or administrator.
- Following the conversation, the staff member will report their concerns verbally to the principal or their designee as soon as possible but no later than the end of the student's school day and must submit a written report no later than one day after.
- If a staff member does not feel comfortable talking directly with the student about their concerns, they should report the concerns verbally to the principal or their designee as soon as possible but no later than the end of the student's school day and must submit a written report no later than one day after.

2. Protocol for Intervention: Assistant Principal or Principal

An assistant principal or principal who witnesses or learns of an act of teen dating abuse will take the following steps:

[Return to Table of Contents](#)

- Take action to ensure the physical safety and emotional well-being of the targeted student. Contact the school nurse, a guidance counselor or school psychologist to provide assistance.
- Verbally instruct the alleged offending student to stop the abusive behavior. Investigate the complaint in accordance with the procedure outlined in JICFC. Meet separately with the targeted student and alleged offending student. Seek the targeted student's input as to the best outcome of the situation. Assess the student's safety at school and at home, and discuss implications of notifying parents. Gather information from any students, teachers, guidance counselors, or staff members who may have any knowledge of the incidents. Document what they learn. Assistant principals should alert the Principal to this process.
- Offer the targeted student assistance in documenting the incident.
- Further investigate the complaint by speaking with the alleged offender and any witnesses or bystanders separately. Document all information.
- If the assessment by the administrator determines that the incident may constitute a crime, the administrator should notify the School Resource Officer or police immediately, as well as the Superintendent.
- Incidents involving sexual contact with students under the age of 16, or dating or sexual abuse of students under the age of 18 must be reported to the Department of Children and Families (DCF).
- If the incident involves sex discrimination or sexual harassment, it must be reported to the Assistant Superintendent, who is the District's Title IX Coordinator.
- The targeted student should be referred to their counselor or school psychologist. If the school psychologist or counselor determines that the targeted student's mental health has been placed at risk, the counselor or school psychologist will make appropriate referrals.
- If the students are under 18, contact the parents/guardians of the targeted student and the alleged offender to inform them that an alleged incident of dating violence has occurred. Ask the parents/guardians to attend separate family meetings with the Assistant Principal and their child to discuss the incident. At no time should the targeted student and alleged offending party be brought together for a meeting.
- Track and document the progress of investigation and intervention to ensure that all important actions are taken.
- Schools must notify both parties in writing of the outcome of the investigation into the act or incident of dating violence.
- The school administrator must also refer the student and/or the student's parents/guardians to the Mansfield Public Schools Non-Discrimination Policy and Prohibition against Sexual Harassment, which addresses procedures for informal resolution and filing of formal complaints, and the Mansfield Public Schools Anti-Bullying Policy and provide copies of the same upon request, when these policies are applicable.

3. Working with the Targeted Student

Assistant Principals and Principals will use the following methods of intervention with the targeted student:

- Conference with the targeted student and parent(s)/guardian(s).
- Identify immediate actions that can be taken to increase the targeted student's safety and ability to participate in school, minimizing fear or intimidation. Discuss this plan with the necessary teachers, guidance counselors, school psychologist, school resource officer, school nurse and hall monitors where appropriate.
- Inform the student and parent(s)/guardian(s) of school and community resources as needed, including their right to file charges or seek legal protection. Offer access to school or community based counseling as needed.
- Encourage the student to report further incidents.
- Monitor the targeted student's safety at school and school-sponsored events as needed. Assist the targeted student with safety planning for the school day and at school-sponsored events with assistance from the student's guidance counselor.
- Assist students in accessing community-based resources for safety planning for after-school hours.
- Document the meeting and any action plans on an Incident Report Form. If the targeted student or parent(s)/guardian(s) decline to document the incident, note this on the form.
- Store all complaints and related documentation in a separate, confidential file and document subsequent follow-up actions and complaints as appropriate.
- Assistant principals may provide the targeted student with the right to have a support person of their choosing present during appropriate stages of the investigation.

4. Working with the Alleged Offender

The Mansfield Public Schools require every reasonable effort be made to protect the due process rights of the alleged offender. At their discretion, administrators will adopt the following methods of intervention with the alleged offender:

- Conference with the alleged offender and parent(s)/guardian(s).
- Allow the alleged offender an opportunity to respond in writing to the allegations. Additionally, investigate the allegation in accordance with Policy JICFC.
- Identify and implement disciplinary and other actions and consequences that will be taken to prevent further incidents. Inform the alleged offender and parent/guardian of help and support available at school or in the community as needed. Offer access to school or community based counseling.
- Address the seriousness of retaliation against the targeted student for reporting the incident or cooperating with the investigation. Inform the alleged offender that retaliation or threats of retaliation in any form designed to intimidate the targeted student, those who are witnesses, or those investigating an incident will not be tolerated. In most cases

retaliation or a threat of retaliation will result in the imposition of a short or long-term school suspension and, in appropriate cases, referral to the police.

- Document the meeting and action plans as appropriate.

5. Ensuring Confidentiality

The Mansfield Public Schools recognizes its responsibility to safeguard the privacy of its students, staff, and their families. The MPS, therefore, is committed to protecting the confidentiality of personal information concerning students, families, and staff. Disclosure of information about students may be governed by federal and state laws. School administrators will consult with the MPS legal counsel as needed to comply with state and federal laws.

- Under state law, any information about a student's status as a target or perpetrator of dating abuse or as the petitioner or respondent of an order of protection and other related information that is either generated by or provided to school officials, regardless of its form, is part of the individual's student record (*see* Massachusetts Student Records Regulations, (603 CMR §23.00)). The information is confidential and must be kept private and secure, and may not be disclosed to third parties without the written consent of the parent or eligible student, except in limited circumstances. An "eligible student" is a student who is 14 years of age or older or who has entered the 9th grade, unless the school committee has extended rights to younger students or those who have not yet entered 9th grade (603 CMR §23.02). Once the student reaches the age of 18, the student or the parent may consent to the disclosure of information from the student's record to third parties unless the student has limited the parent's right in that regard. (Although a student 18 years of age or older has authority to limit the parent's right to consent to disclosure of their student records, the student cannot limit the parent's right to review them.)
- Authorized school personnel may have access to student records of students to whom they are providing services when access is necessary to perform their official duties (603 CMR §23.07(3)). In these circumstances, written consent of the eligible student or parent is not required. For example, if the student or student's parent has provided the school a copy of a court order of protection issued on behalf of one student against another student in the same school, the may need to inform the assistant , the school nurse, teachers, and the student's guidance counselor for safety planning and other related purposes.
- A school may disclose information to parties in connection with a health or safety emergency if knowledge of the information is necessary to protect the health and safety of the student or other individuals, (603 CMR §23.07.)

Parental Notification and Disclosure

If school personnel determine that a student is currently in danger or there is potential for danger related to dating abuse, a parent/guardian must be notified. School counselors and administrators will work together with students experiencing dating abuse to find ways of involving

[Return to Table of Contents](#)

parents/guardians in increasing their child's safety. If students choose to notify their parents that they are experiencing abuse, school personnel will assist the student in developing a plan for such disclosure, including meeting with students and parents as needed. The student may disclose the name of the alleged offending student to their parent, but the school may not be able to disclose the name depending on the circumstances and safety plan put into place.

Student – to – Student Harassment

Harassment of students by other students will not be tolerated in the Mansfield Public Schools. This policy is in effect while students are on school grounds, school district property or property within the jurisdiction of the school district, school buses, or attending or engaging in school activities. It also applies any off-campus conduct that can create a hostile environment for students in school.

Harassment prohibited by the district includes, but is not limited to, harassment on the basis of race, creed, color, national origin, sexual orientation, gender identity, religion, marital status or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion.

Harassment means conduct of a verbal, written, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of a student's participation in school programs or activities;
- Submission to or rejection of such conduct by a student is used as the basis for decisions affect the student, or;
- Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile learning environment.

Harassment as describe above may include, but is not limited to:

- Verbal, physical or written (which includes texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

The district will promptly and reasonably investigate allegations of harassment. The Principal of each building will be responsible for handling all complaints by students alleging harassment.

Retaliation against a student because a student has filed a harassment complaint or assisted or participated in a harassment investigation or proceeding is also prohibited. A student who found to have retaliated against another in violation of this policy will be subject to disciplinary

[Return to Table of Contents](#)

action up to and including suspension and expulsion.

The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

BUILDING & GROUNDS, SCHOOL SAFETY

Any student not in a classroom should immediately go to the nearest classroom. All students are expected to remain quiet and follow all teacher directives, until an announcement has been made that the situation has been resolved. Disregard any fire alarms, only during a lockdown.

PREVENTION OF PHYSICAL RESTRAINT OF A STUDENT

The Mansfield Public Schools complies with the Massachusetts Department of Elementary and Secondary Education's (DESE) regulations 603 CMR.46.00 to the extent required by law, in order to protect students of the district from the use of unreasonable physical restraint at the school and at school-sponsored events and activities, whether or not on school property. The Mansfield Public Schools prohibits the use of mechanical restraint, medical restraint, and seclusion restraint.

School personnel will not use physical restraint only as an emergency procedure of last resort and only after other less-intrusive alternatives have failed or been determined inappropriate, with these goals in mind:

[Return to Table of Contents](#)

1. To administer a physical restraint when needed to protect a student and or/ member of the school community from immediate, serious, physical harm; and
2. To prevent or minimize any harm to the student as a result of the use of physical restraint.

School personnel will not use physical restraint when it is medically contraindicated, as a means of punishment, or as a response to destruction of property, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious physical harm to the student or others.

SECURITY CAMERAS #ECAf

The Mansfield School Committee supports the use of security cameras throughout the District for the purpose of enhancing school safety and security, as part of the District's overall security plan. The Committee's goal is to foster measures that improve the safety and security of the teaching and learning environment for students and staff, to maintain order and discipline on school property and on school vehicles, to ensure public safety for students, staff, and visitors to our schools, and to help safeguard District facilities, grounds, and property.

The District's security camera system will be in operation and may be monitored by school personnel throughout the year. Security cameras may be used both inside and outside of school buildings and on school buses to record students, staff, and property.

Security cameras are installed in public areas only; these areas include school buses, grounds, athletic areas, exterior entrances or exits to school buildings, and large gathering spaces such as classroom corridors, cafeteria, lobby, and main entries.

Security cameras may not be used in an area where there is a "reasonable expectation of privacy." No security cameras shall be placed in restrooms, changing rooms, private offices, classrooms, counselor's offices, staff lunch rooms, staff work rooms, nurse's offices, and locker rooms.

Please refer to School Security Cameras policy on line for further details.

TELEPHONES

Phones: If a student needs to use a phone, one is located in the main office. Students may use the phone during their lunch period providing they have permission from the staff member on duty in the cafeteria.

Classroom/Office Phones: The telephones within the classrooms and offices are reserved for the use of authorized persons only. Students are not permitted to use these school phones except in emergency conditions.

STUDENT RESOURCES & SERVICES

SCHOOL COUNSELING

The philosophy of the school counseling staff, including Adjustment Counselors and School Psychologists, is to provide an open and inviting atmosphere to all students, faculty, parents, and guardians within the Mansfield community. The school counseling office maintains a web site at www.mansfieldschools.com, where students and parents can find a wealth of pertinent information and resources.

The focus of the school counseling staff is to assist all students in acquiring the competencies and skills necessary to achieve the Academic and Social and Civic expectations as stated in the Mansfield High School mission statement. School counseling services have been designed to ensure that all students from grade nine (9) through twelve (12) are introduced to knowledge, attitudes, and skills needed for effective educational planning, career exploration, and personal and social development. All freshmen will be assigned a grade 9 counselor whose focus is to assist all ninth graders in their transition to high school. Grades 10-12 will be assigned to a counselor whose purpose is to assist these students as they transition through high school and beyond.

The school counseling office sponsors a number of informational sessions which are held during the evening hours throughout the school year.

- Senior Parents/Curriculum Night
- Freshman Parents/Curriculum Night
- Financial Aid Workshop
- Opportunities at MHS Night
- Middle to High School Transition Night
- Parent College Planning Night
- Junior Parent Coffee Hours

The school counseling office provides seniors an opportunity to meet with college representatives during the school day through our College Visitation Program. Mansfield is also part of a consortium of high schools that sponsors a local college fair every year. Upperclassmen will also have an opportunity to access the Naviance Program, which is a web-based system that will assist in career and college planning and management.

HEALTH AND WELLNESS

HEALTH SERVICES #JLC, JLCD & ADFR

The mission of Mansfield Public Schools Health Service is to promote an optimal level of wellness by advocating for students and removing barriers that impede health and learning. Our

[Return to Table of Contents](#)

vision is for every student to be healthy, safe and ready to learn.

The role of the school nurse is to provide first aid, illness assessment and case management for students with special health care needs. The school nurse does not diagnose or prescribe treatment. Based on the nurse's assessment, you may be contacted and advised to follow up with your private physician. **Students may not text/call parents for dismissal.** All health related dismissals must occur through the health office. Nurse dismissals are not considered excused absences. Students may not leave the building due to illness without authorization. If the school nurse is not available, students are to report to the Main office for assistance.

The following Health Services are provided in the Mansfield Public Schools:

Student Health Records - A health record is maintained for each student; the record includes the student's medical history, immunizations, screening results and physical examinations that are required in grades Pre-K, K, 4,7,10 and each year for high school sports eligibility

Individual Health Care Plans (IHCP)- IHCPs may be created for students with special health care needs; plan may include skilled nursing care and case management for student with special health care needs

Screenings - Students will be screened for height, weight, vision, hearing, postural development: Massachusetts State regulations require Health Services in public schools to perform screening for all students. Students in grade 9 will participate in postural screening and students in grade 10 will participate in hearing and vision screenings. Abnormal results will be provided to parents. Height and weight will be measured in grade 10. Students in grade 10 will participate in a verbal screening tool used for substance abuse disorders. Results are confidential unless there is risk of harm to the student and others or in accordance with the law. Parents and legal guardians shall be provided with an opportunity to request, in writing, that their student not participate in the program. Students may opt out of any or all of the substance use tool at the time of screening.

Direct Nursing Care - Care will be provided to students, including First Aid, Illness Assessment, Communicable Disease Control, and Health Care Referrals

Medication Administration - **#JLCD, JLCD-R** The Mansfield Public Schools policy for the administration of medication is available in each health office and on the district website under the School Committee Policy Index. The following are the main points of this policy. When students require medication administration during the school day the following conditions must be met:

Medication will be stored and provided to students during school hours at the discretions of the student's physicians. The medication must be registered with the school nurse with the written permission of a parent/guardian and a physician's order. All medications, including prescription and over the counter, must be provided by the parent/guardian in the original container with the prescription or

[Return to Table of Contents](#)

the manufacturer's label. Parent/guardian signature will be required at time of drop off to confirm the number of pills delivered. No student is allowed to carry medication at school without parent permission and the approval of the school nurse, who may require a physician's approval.

Allergies/Life-Threatening Allergies #JLCEC, JLCEC-R

Please be advised that if your student has a food allergy, physician documentation must be submitted to the school nurse. It will then be forwarded to the FoodService department. We will make arrangements to have an alternative available. The Mansfield FoodService will work with you to make sure your student can participate in the school lunch program.

The Mansfield Public Schools is committed to providing a safe and nurturing environment for students. Recognizing the increasing prevalence of life-threatening allergies (LTAs) among school populations, the Mansfield Public Schools works in cooperation with parents, students, and physicians to minimize risks and to provide a safe educational environment for all students. The focus of allergy management is prevention, education, awareness, communication, and emergency response. The Mansfield Public Schools sets age-appropriate plans/guidelines for students and schools within the Mansfield system that minimize the risk for students with life-threatening allergies to be exposed to offending allergens that may trigger a life-threatening reaction. Such guidelines include:

- building-based general medical emergency plans,
- emergency anaphylaxis action plans
- life-threatening allergy emergency plans,
- individual healthcare plans for all students diagnosed with LTA,
- appropriate training of staff,
- availability on site of medical equipment for quick response to life-threatening allergic reactions,
- and such other guidelines that will ensure that students with LTA can participate fully in school activities without undue fear of harm from exposure to life-threatening allergens.

Specific building-based guidelines/actions take into account the health needs and well-being of all students without discrimination or isolation of any student. No student will be excluded from school activities based solely on their allergies. In order to assist students with LTAs to assume more individual responsibility for maintaining their safety as they grow, these guidelines will shift as students advance through the primary grades and through secondary school.

When necessary, the Mansfield Public Schools provide a latex-restricted environment. Non-latex (vinyl) gloves are used in food preparation and in the health offices. Latex balloons and other products containing latex are also restricted. Strong scents/fragrances are limited in classroom

[Return to Table of Contents](#)

settings. Parents/guardians should consult with classroom teachers before sending any arts/crafts/supplies that may contain latex in with a student.

Student Immunization Requirements:

In order to be registered for school, students must present documentation of state required immunizations. The [Immunization Requirements for School Entry](#) resource outlines the required vaccines by child care/preschool, grades K-6, and grades 7-12,

All students must have documentation of a risk assessment for tuberculosis (TB) completed by a primary care physician.

Teaching about Drugs, Alcohol and Tobacco #IHAMA

In accordance with state and federal law, the Mansfield Public Schools will provide age and developmentally-appropriate, evidence-based alcohol, drug, and tobacco education and prevention programs in grades K-12.

The alcohol, tobacco, and drug prevention program will address the legal, social, and health consequences of alcohol, tobacco, and drug use, with emphasis on nonuse by school-age children. The program also will include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, tobacco, or drugs.

The objectives of this program, as stated below, are rooted in the Committee's belief that prevention requires education, and that the most important aspect of the policies and guidelines of the District should be the education of children and youth on healthy decision-making:

- To prevent, delay, and/or reduce alcohol, tobacco, and drug use among children and youth.
- To increase students' understanding of the legal, social, economic, and health consequences of alcohol, tobacco, and drug use.
- To teach students self-management skills, social skills, negotiation skills, and refusal skills that will help them to make healthy decisions and avoid alcohol, tobacco, and drug use.

Guidelines for Contacting the School Nurse

If a student is experiencing any of the following, parents/guardians are to contact the school nurse.

- Newly diagnosed with a chronic health problem, e.g., seizures, diabetes, asthma, severe allergies
- Newly diagnosed head injury/concussion
- Daily medication for an extended period of time
- Documentation of immunization or boosters
- Communicable disease

[Return to Table of Contents](#)

- Health problem that may affect school performance, e.g., vision or hearing, attention deficit disorder
- Health problem that may affect school attendance
- Treatment for any problem that may impair safety or mobility during the school day or restrict gym or recess, e.g., broken bones, orthopedic problem, on crutches, mononucleosis, recent surgery, upcoming surgery, concussions, or any head injury
- Family experiencing a problem and needing support, assistance, or a referral for help, e.g., death in the family, change in marital status, parenting issues, substance abuse, mental health problems

Sharing the above information will allow the school nurse to better safeguard the health of each student, especially in times of emergency. In addition to the above guidelines, parents/guardians are encouraged to contact the school nurse with any questions or problems.

Head Injury Management Policy #JJIF, JJIF-R

Head injuries and concussions can have serious consequences for students, but proper management can help to maximize recovery and minimize academic impact.

Please notify the school nurse as soon as possible following any head injury. The school nurse will work with you, your student, physician, and school staff including Athletic Trainer and coaches if applicable to ensure that appropriate accommodations are in place. Suspected concussions that occur during school activities are reported to families for referral to a provider.

Based on state regulations regarding concussion, please note the following: **All students must be cleared by their primary care provider to return to physical activity and full academic workload once they have improved. There are no exceptions to this. The nurses can provide you with a form letter to bring to your doctor for completion or you may obtain a written document from your doctor stating your student is fully cleared from concussion restrictions and may fully participate in academics and athletics including physical education.

*In addition: All students that are athletes (during any season) must be cleared as above before returning to play. This process requires communication with the Athletic Trainer, documentation from your physician, passing the ImPact test and a graduated return to play. We recommend your student meet with the Athletic Trainer at their earliest convenience to discuss a specific plan. Please refer to Head Injury Management and Protocols available on district website under School Committee Policy Index.

District Health and Wellness Advisory Council

MPS will support the district-wide Wellness policy and implementation plan by maintaining a standing Health and Wellness Advisory Council (HWAC). The Council will meet a minimum of four times during the school year. The HWAC is charged with making recommendations concerning school wellness policies and programs. The HWAC will also identify additional goals and objectives around:

- Nutrition standards for USDA school meals and for competitive foods;
- Health and Physical Education including assessment of education curricula and material pertaining to wellness consistent with state goals and standards;
- Student access to health services and mental health support;
- Other school-based initiatives as they relate to student and staff wellness.

The HWAC will establish a process to utilize self-assessment tools to evaluate progress in reaching the policy goals and objectives. Specific annual goals and objectives must be observable and/or measurable.

School Exclusion Guidelines

For the protection of your student as well as the school community, students should be kept home from school or will be dismissed from school under the following circumstances:

- The student has a communicable disease. Students who are prescribed antibiotics for strep throat infection or impetigo (for example) must complete 24 hours of treatment before returning to school. For all other communicable diseases, the student may return to school based on Massachusetts Department of Public Health Guidelines. Surveillance and monitoring of communicable disease outbreaks is done in collaboration with the Mansfield Board of Health and the Massachusetts Department of Public Health.
- The student has a temperature of over 100 degrees. The student may return after he/she is fever free for 24 hours without the use of fever reducers.
- The student has an eye infection that may need to be evaluated by a physician. Students may return the day after any indicated treatment has begun for bacterial conjunctivitis, unless the student is at a developmental level that prevents them from maintaining proper hygiene.
- The student has persistent coughing or trouble breathing. He/she may need to be evaluated for asthma, or a serious respiratory infection.
- The student has an undiagnosed rash. Rashes may need to be evaluated by a physician to rule out communicable disease.
- The student has head lice or nits. The student may return to school after the first treatment and all nits are removed.
- The student has head lice or nits. The student may return to School after the first treatment.
- The student has diarrhea within 24 hours. Diarrhea is defined as multiple loose watery stools unrelated to food, medication or a diagnosed chronic condition. The student may

[Return to Table of Contents](#)

return when he/she has been symptom free for 24 hours.

- The student has been vomiting within the past 24 hours not associated with a diagnosed condition or medication side effect. The student may return when he/she has been symptom free for 24 hours.
- The student has an illness that prevents oneself from participating comfortably in activities as determined by the staff.
- Students need not be excluded or sent home early from school because of head lice. Parents/guardians of affected students should be notified and informed that their student must be properly treated and may return to school on the day after treatment. Other close contacts may be checked to determine if there are other cases. Upon the return, the school Nurse will determine the evidence of treatment and the student may be re-admitted even if some nits remain. Further monitoring for signs of re-infestation by the school nurse is appropriate.
- The illness results in a greater need for care than the staff determine they can provide without compromising their ability to care for other students.

It is the responsibility of the parent to provide health information to school bus drivers. MEAL CHARGES

The Mansfield Public School District expects each school to notify students and parents of the district student meal charge policy annually. The information contained below is a summary of some of the major points in the policy. For a link to the full version of the district meal charge policy and other information related to Food Services please use the following link -

http://www.mansfieldschools.com/departments/food_services

The goal of the Mansfield Food Services is to provide students access to nutritious meals each school day. However, unpaid meal charges place a large financial burden on our district. The intent of the district meal charge policy is to establish a process and procedure to handle situations when children eligible for reduced-price or full price meal benefits do not have enough money to pay for school meals and to communicate the process for the collection of unpaid meal charges and delinquent account debt.

The Mansfield School District Unpaid Meal Charge Policy states:

- All students will be able to purchase breakfast and lunch daily.
- Students who have not qualified for a free meal and who do not have enough money to pay for their meal will have a charge added to their meal account for the meal they were provided. Students will not be allowed to charge a la carte items.
- All communication regarding unpaid meal debt will be directed at parents/guardians. When a student's meal account balance reaches a negative \$5 or more, the Director of Food Services will contact the household to inform them of the amount, how to apply for free or reduced price meals, and offer to answer questions and provide assistance.
- When a student reaches the negative account limit, they will be offered a designated menu lunch alternative in a manner that does not cause embarrassment or stigma in the cafeteria. The designated meal alternative will contain all of the components for a complete meal, including milk, fruit, vegetables, whole grain, and meat/meat alternative. Students in K-2 will be exempted from receiving an alternative meal.

[Return to Table of Contents](#)

- For meal debt that has remained in the negative balance for a prolonged time period, the school principal will contact the parent/guardian to investigate the situation more closely.
- Hand stamps, stickers, or any other means of overt identification of children with unpaid meal debt in the cafeteria or the classroom are prohibited.
- Free and reduced meal application forms are available at each school or online on the District website under Food Services. Families may apply for free and reduced meal assistance at any time during the school year.
- All families are encouraged to prepay for school meals to avoid unpaid meal charges (payment can be made by cash or check at the cafeteria register or online at MySchoolBucks.com. Low-balance email reminders and account tracking are available on MySchoolBucks.com free of charge. A parent/guardian may call the Food Service Director to place a block on their child's account to prohibit the purchase of a la carte items or to set a dollar cap. Any remaining funds for an individual student at the end of the school year will be carried over to the next school year.

Block On Accounts

A parent may call the Food Service Director to place a block on their child's account to prohibit the purchase of a la carte items or set a dollar cap.

Refunds and Unclaimed Funds

- a. Withdrawn or graduating students may request a refund by writing or emailing Dawn Langtry, Food Service Director, 250 East Street, Mansfield, MA 02048, dawn.langtry@mansfieldschools.com for a refund of any money remaining in their account.
- b. Students who are graduating at the end of the year will be given the option to transfer remaining funds to a sibling's account with a written request.
- c. All refunds must be requested within 180 days of the student leaving the district. Any unclaimed funds after 180 days will become the property of the Mansfield Public Schools Food Service Program.

Preventing Meal Charges

Low-balance email reminders and account tracking is available on MySchoolBucks.com and is free of charge to help ensure households are aware of the potential to accrue meal debt. The Food Services Department will call or email households on a bi-weekly basis or as needed to inform parents/guardians of a negative balance owed by the student.

Students may be discreetly reminded at the time of purchase if they need to bring in money for meal purchases. When a student is close to the allowable limit for meal charges, they will be told if payment is not received, they may only be offered an alternative meal.

Food Services will notify the building administration and the parent/guardian before a student is offered an alternative meal. If a student is without meal money on a consistent basis, the administration will investigate the situation more closely and take further action as needed. If

[Return to Table of Contents](#)

financial hardship exists, parents and families will be encouraged to apply for free or reduced price lunches for their child if applicable.

Applying for Free and Reduced Price Meals

Free and Reduced Price Meal Applications may be submitted at any time during the school year. The determination of free or reduced price meals based on the application is valid for the entire school year. A new application can be completed if your financial situation changes during the school year.

Applications and directions are available as part of the opening day packet from your child's school. The applications and directions are also posted on the Mansfield Public School website under the Food Service tab. If you need assistance with completing an application, please contact Dawn Langtry, Food Service Director, 508-261-7400 x33124 or dawn.langtry@mansfieldschools.com.

Parents/guardians are expected to submit the Free and Reduced Lunch Application as soon as possible each school year or as their financial situation changes, unless they have received a letter of Direct Certification from the Food Service Department. Direct Certification determinations (electronic match process) through the Massachusetts Department of Health and Human Services will be made at a minimum of three times per year and when a student transfers into the district.

Unpaid Charges, Delinquent Debt, and Bad Debt

All communication regarding unpaid meal debt will be directed at parents/guardians.

Unpaid meal charges are considered "delinquent debt" and are identified as a financial obligation of the parents/guardians. Mansfield Food Services is required by federal regulation to continue to collect meal charges defined as delinquent

Student meal account balances may be checked at any time by logging into www.myschoolbucks.com or by emailing the Food Services Director. Payment for negative account balances may be made online at anytime via the MySchoolBucks.com account portal. Students may bring cash or check payments (payable to Mansfield Food Services) to the cashier in their school cafeteria. Payment also may be made by check and mailing it or dropping it off at the Food Service Director's Office, Mansfield High School, 250 East Street, Mansfield, MA 02048.

Checks Returned for Non-Sufficient Funds (NSF) will result in a penalty fee (currently \$25). When a check is returned to the Town Treasurer's Office for "NSF," a letter will be mailed by the Food Services Director to inform the parent/guardian. Payment along with any applicable fees must be received within ten (10) business days of the date of the letter. When the NSF notice is received, the Food Services Director will deduct the check amount from the student's account.

All accounts must be paid by the end of the school year or at the time a student withdraws from the district. Any balance owed to the Food Service program will be carried over into subsequent years in an attempt to collect the debt. Repayment plans may be developed on an individual basis in order to clear the balance owed. The consequences of non-payment will be determined

on a case-by-case basis by the building principal.

HOMEROOMS #JLIA

LIBRARY MEDIA CENTER & INFORMATION SERVICES

The Mansfield High School library exists to support students and teachers in their learning and teaching, to create lifelong learners by encouraging critical thinking, curiosity and exploration, and to foster a love of reading in all formats.

This mission is accomplished by:

- Providing intellectual and physical access to information resources in all formats;
- Providing instruction to foster independence in finding and using information and ideas;
- Collaborating with other educators to develop their own and students' information skills in preparation for college and career pursuits;
- Creating a welcoming and inclusive atmosphere that supports academic inquiry

Student Access

Students may come to the library before and after school, as well as during their lunch period, to seek assistance, research, study, or read. During lunch periods, students are asked to sign in with the librarian and have an academic purpose for their visit.

[Return to Table of Contents](#)

of these materials are available for students to check out.

Independent Reading

Many studies confirm the correlation between increased reading and school achievement, as well as higher SAT verbal scores. (*Scholastic: Classroom Libraries Work, 2010*) Toward that end the MHS library is dedicated to developing a collection that appeals to a wide variety of interests and reading levels, and working with students to develop interest in online news and periodical reading. Students are also encouraged to make suggestions for purchase.

Curriculum Related Nonfiction

According to the Library of Congress, only 10% of the world's information is available online. Students who plan to attend college will benefit from understanding the depth of information available in print sources to supplement factual data obtained from the Internet. The MHS library has an excellent and up to date collection available for student use.

Technology Access and Use

21st century learning requires access to the Internet, and computers for research, personal exploration, word processing and creating presentations. The library has 36 desktop computers, 30 wireless chromebooks, two printers, two copy machines and a document scanner for student use. There is no charge for printing in black and white or for making copies when documents are course related.

Students must sign out chromebooks and plug them in when they are done so they remain charged for the next user. Although personal device access to the Internet is not yet available, students may use personal computers in the library for word processing.

The district computers and network are provided as educational tools for students, staff and the community. Class and course work related use of this equipment takes priority and all non-educational use, including exploring web resources of personal interest is dependent on availability of computers, network capacity and library staff approval. Games are not allowed on school computers.

Circulation Policy

All library materials are available for checkout. Although students are encouraged to return materials as soon as they are finished using them, notices will be sent to those students who need a reminder during homeroom periods. At the end of the year, lost books will result in a replacement cost:

- Hardcover \$25
- Paperback \$10
- DVD \$15

[Return to Table of Contents](#)

Behavioral Guidelines

The library is a community learning space and must serve multiple purposes. All students are expected to conduct themselves with consideration and thoughtfulness for the rights of others and will be treated with dignity and respect by library staff. Students who consistently demonstrate disregard for the library community may have their library privileges revoked for a period of time.

In accordance with school policy, food and uncovered drinks are only allowed in the cafeteria.

This is in contrast with athletic activities, which are governed by MIAA regulations that fall outside the authority of the principal.

Final eligibility ruling for a student to participate will be determined by the administration. Saturday participation will be determined by Friday's attendance. Academic eligibility of all students shall be considered official and determined on the date report cards are issued for the marking period. Student Athlete Conduct

It is expected that all student-athletes at Mansfield High School conduct themselves in a manner that reflects pride, respect and a high level of citizenship. Unacceptable conduct will not be tolerated. Examples of this behavior are theft, vandalism, disrespect, unsportsmanlike conduct, fighting, bullying, immorality, violation of the law, and discrimination. These acts will tarnish the reputation of everyone associated with the team, school and community. The Coaches, Athletic Director, and Principal will determine the penalty for this offense. The penalty will range from partial to total exclusion from the athletic program.

M.I.A.A. Chemical Health Rule

From the first allowable day of fall practice to the end of the academic year, whichever is longer, a student shall not, regardless of the quantity, use, consume, possess, buy/sell or give away any beverage containing alcohol; any tobacco product; marijuana; steroids; or any controlled substance. This policy includes products such as "NA" or "near beer." It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student's own use by their doctor. If a student in violation of this rule is unable to participate in interscholastic sports due to injury, academics, or other reasons unrelated to this rule violation, the penalty will not take effect until that student is otherwise able to participate again.

Any student shall be considered to be in violation of this policy if they, regardless of the quantity, use, consume, possess, buy/sell or give away any of the prohibited substances, as listed above, as clearly documented and confirmed in a police report.

The Minimum Penalties Are:

- First Violation: When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contest totaling 25% of all interscholastic contests in that sport. For the student, these penalties will be determined by the season the violation occurs. No exception is permitted for a student who becomes a participant

[Return to Table of Contents](#)

in a treatment program. It is recommended that the student be allowed to remain at practice for the purpose of rehabilitation. All decimal parts of an event will be truncated, i.e., all fractional parts of an event will be dropped when calculating the 25% of the season. The student must complete the season in good standing in which the penalty for the violation has been served.

- **Second and Subsequent Violations:** When the Principal confirms, following an opportunity for the student to be heard, that a second or subsequent violations have occurred, the student shall lose eligibility for the next consecutive interscholastic contests totaling 60% of all interscholastic contests in that sport. For the student, these penalties will be determined by the season in which the violation occurs. All decimal parts of an event will be truncated, i.e., all fractional parts of an event will be dropped when calculating the 60% of the season. If after the second or subsequent violations the student of their own volition becomes a participant in an approved chemical dependency program or a treatment program, the student may be certified for reinstatement in MIAA activities after a minimum of 40% of the events of that season. The director or a counselor of a chemical dependency treatment center must issue certification of the student's attendance in such program. Any fractional part of the events of the season shall be dropped when calculating the 40% of the season.
- Penalties shall be cumulative each academic year. If the penalty period is not completed during the season of violation, the penalty shall carry over to the student's next season of actual participation, which may affect the eligibility status of the student during the next academic year.

MIAA Bona Fide Team Member Rule

A bona fide member of the school team is a student who is regularly present for, and actively participates in, all team practices and competitions. Bona fide members of a school team are precluded from missing a high school practice or competition in order to practice or compete with an out-of-school team.

- **Penalties:** For the first offense, any student who violates this rule shall lose eligibility for the next consecutive interscholastic contests totaling 25% of all interscholastic contests in that sport. This penalty is effective from the date of their last participation in a high school sport. The second offense will result in the loss of 25% of all interscholastic events in the season and the student will become ineligible for the MIAA tournament in that sport for that season.

Team Selection

Mansfield High School Athletics makes every effort to include as many students as possible. However, there are some sports where team membership is limited. If a student is cut from a sport they are encouraged to join another sport during the same season. Once team selections have been finalized a student may not quit a team and join another team during the same season.

[Return to Table of Contents](#)

Insurance

The Mansfield Public School System provides insurance coverage for those participating in high school interscholastic athletics. This policy covers the expenses incurred for each injury or accident that are not covered by any family plan. The Mansfield Athletic Department makes every effort to provide a safe environment at all practices and games. However, because of the nature of athletics, injuries may occur.

School Attendance

To participate in a practice or game, a student must be in school a minimum of 3 hours. Extenuating circumstances must be presented to the Principal by the parent, in writing, prior to the practice or game, in order for the student to participate. The Principal will respond immediately to the request.

Suspensions - (Out-of-school)

Any student suspended from school may not practice, play or be with the team on the day(s) in which they are serving the suspension. Any student-athlete who is suspended from school, will not be allowed to play in the next scheduled competition. Students who serve a Saturday detention will not be suspended from a game or practice.

Equipment Responsibilities

Students are responsible for returning all school issued equipment and uniforms immediately after the season ends. Students are financially responsible for any missing equipment. They will not receive their end of season awards or new season equipment until this responsibility has been met.

Season Limits

Mansfield High School adheres to the season limits as set by the MIAA. Fall practice may begin for all teams as early as the second Thursday preceding Labor Day. Football must precede their initial contact practice day with an additional three days of single non-contact sessions. The first day of practice for the winter season may begin on the Monday after Thanksgiving. The first day of practice for the spring season may begin on the third Monday in March. Each season will end upon completion of the schedule or tournament play.

***No team may practice or compete under the supervision of an athletic staff member between seasons as defined above. The Mansfield School Committee does not sponsor any student activity or preparation prior to these dates and school department personnel will not be authorized to participate in such activities.

Attendance at Practice

All athletes are expected to attend every practice and game. An excused absence from any

[Return to Table of Contents](#)

practice will not result in penalization. Any absence without prior approval from the coach will be deemed an unexcused absence. The penalty for an unexcused absence is as follows:

First Offense and Second Offense - The student may be suspended from the next contest. He or She must attend the game with the team.

Third Offense - The student may be dismissed from the team.

Weekend Practice

Teams may practice only once (Saturday or Sunday) during a weekend.

Vacation Policy

Vacations during the season are discouraged. Students who plan vacations during a sports season must understand that their playing time will suffer due to their absence from practices and games.

The student record consists of the school transcript and the temporary record. The temporary record includes all information that is relevant to the educational needs of the student and is kept by the school.

Accessibility: The parent/guardian of a student, and an eligible student who is at least fourteen (14) years of age or has entered the ninth grade, has the right to inspect all portions of the student record upon request to the Principal. The record must be made available to the parent/guardian or eligible student not later than two consecutive workdays after the request is made, unless the parent/guardian or eligible student consents to a delay. The parent/guardian or eligible student may request copies of any part of the student record. A fee may be charged for the cost of copying.

Confidentiality: No individual or organization other than the parent/guardian, eligible student or school personnel working directly with the student is allowed access to student's records without the specific written consent of the parent/guardian or eligible student except in limited instances as specified by the Massachusetts Student Records Regulations.

Authorization for Release of Student Records In accordance with the Commonwealth of Massachusetts Regulations 603 CMR 23.02, the Mansfield Public Schools may release certain information about students and parents/guardians to third parties without first obtaining consent, unless the parent/guardian or eligible student notifies the Mansfield Public Schools in writing that they do not want such information to be released. "Third parties" are defined in these regulations to be, "...any person, private or public agency... or organization other than the eligible student, their parent, or authorized school personnel". For example, third parties to whom the Mansfield Public Schools may release student record information would include parent teacher organizations, and newspapers that report on student activities, etc.

The directory information that may be released is limited to the following:

- Student's name, address, telephone listing

[Return to Table of Contents](#)

- Date and place of birth
- Major field of study
- Dates of attendance
- Weight and height of members of athletic teams
- Class
- Participation in officially-recognized activities and sports
- Degrees, honors and awards, and post-high school plans

Students fourteen (14) years of age or older or who have entered grade nine are entitled to receive notification regarding the release of student record information. Parents/guardians who do not wish this information concerning their children and themselves to be released without their consent may complete and sign a school form so indicating. These forms are available through the school counseling office.

Medical Records: During the time a student is enrolled in a school, the Principal or designee will periodically review and destroy misleading, outdated, or irrelevant information contained in the temporary record provided that the eligible student and their parent are notified in writing and are given opportunity to receive the information or a copy of it prior to its destruction. A copy of such notice will be placed in the temporary record. The School Health and Immunization Record is considered part of the temporary record. Students are provided the opportunity to sign for and take possession of their School Health and Immunization Record during the last few weeks of their senior year or prior to moving from the district. The Mansfield Public School system does not retain a copy of this record, and any unclaimed record is destroyed.

Amendment or Deletion of Records: A parent/guardian or eligible student has the right to add relevant comments, information or other written material to the Student Record. In addition, the parent/guardian or eligible student has the right to request that information contained in the record be amended or 65 deleted except for information inserted in the record by a team evaluation. The parent/guardian or eligible student has a right to a conference with the school Principal for the purpose of objecting to information contained in the record. Within a week after such a conference, the Principal must render a decision in writing on the objection. If the parent/guardian or eligible student is not satisfied with the decision of the Principal, the parent/guardian or eligible student may appeal such decision to the Superintendent of Schools.

Destruction of Records: The temporary record of a student will be destroyed no later than seven (7) years after the student leaves the school system. The transcript of a student may be destroyed no sooner than sixty (60) years after the student leaves the school system. [Return to Table of Contents](#)

inspect and copy any of the information prior to its destruction.

Non-custodial Parents: As required by M.G.L. c. 71, § 34H, non-custodial parents are eligible to obtain access to their children's student records unless the school or district has been given documentation that: The parent has been denied legal custody or has been ordered to supervised visitations, based on a threat to the safety of the student and the threat is specifically noted in the order pertaining to custody or supervised visitation. The parent has been denied visitation. The parent's access to the student has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record. There is an order of a probate and family court judge that prohibits the distribution of student records to the parent.

ETHICS-Gift Giving-Personal #GBEBC

State ethics and conflict of interest law limit the personal gifts that staff, teachers, and coaches are allowed to accept as public employees. The School Committee does not want district employees to be put into a position where they cannot or should not accept gifts of value from well-intended, grateful families. Acceptance of gifts under these circumstances may give the appearance to some of favoritism of one student or one group of students over another. Moreover, the acceptance of gifts may make gift-giving to staff members appear to be a routine feature of school life, thereby placing those with fewer financial resources at a real or perceived disadvantage. When families, students, and others wish to express personal appreciation to a teacher, coach, or other staff member, the School Committee urges them to find modes of expression that do not involve personal gifts. The School Committee endorses the writing of letters to staff members expressing gratitude and appreciation for their work. These guidelines are as follows:

- Massachusetts General Law Chapter 268A and state ethics commission rules prohibit all public employees from receiving personal gifts of "substantial value", which according to the regulations is \$50.00 or more. This includes meals, tickets, services rendered, holiday gifts etc.

ETHICS-Gift Giving – Class #GBEBC

An exemption exists for "class gifts", whereby a public school teacher is allowed to accept a personal gift or several gifts during the school year, from a class, club/activity or team, with a total value of up to \$150, if a group of students and/or parents wish to pool their contributions toward a group gift. Such a gift must be identified only as being from the class, and the identity of givers and amounts given are not identified to the recipient. Class gifts remove the possible conflict of interest in gifts, as the teacher would have no knowledge of the individual amounts contributed or by whom.

3. Complaints regarding student records issues may be sent to Family Policy Compliance Office, U. S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.
